Hello Commissioners-

I have presented a few adjustments to the draft workplan for consideration tomorrow, which is slightly modified from the previous draft. Please ensure that you review the workplan, including the proposed project to commence a community conversation on single-family zoning. This conversation has been occurring nationally, and in our community generally, and I believe it is appropriate for the Planning Commission to support this dialogue prior to any future consideration of goals or policy direction as has been occurring in other communities.

Sincerely,

**Brett Lenart, AICP | Planning Manager**
