Staff Kudos

- We received an e-mail of appreciation from Mr. Bryan Elkus for the support of the Fire Department in responding to alarms sounding in his home. He stated, "We really just wanted to say thank you for coming out to check! The guys were very courteous, professional and compassionate. They explained to us what was going to happen, gave us status checks and updates. I was very impressed."*
- Superintendent Swift from the Ann Arbor Public School System sent a note to Mayor Taylor to thank City staff for their work to address damage to Allen School on August 18th.*
- Congratulations were received from George Woods stating, "I wanted to extend a personal thank you to all involved in the recent Observatory St project. From my perspective the City and contractors (Bailey Excavating) were sensitive to our people's needs and did a great job with minimal interruptions and maximum accommodation! Observatory never looked so great!"*

- Wendy Schulz from Public Services would like to provide a shout out to the Lab Crew at the Water Treatment Plant and asked that I specifically mention John, Jenna, Matt and Larry.

Notices

- Official notification was received that the Nixon/Dhu Varren/Green roundabout project was awarded a CMAQ (Congestion Mitigation Air Quality) grant in the amount of \$782,850! The project planning estimate for this intersection is \$2.1 million. Toll Brothers have already committed just over \$1M. This results in City funding being leveraged approximately 6.5 times in undertaking the improvement.
- The City is beginning work on plans for the resurfacing of Scio Church Road between Main Street and South Seventh Street, and will be hosting a public meeting to discuss the project and gather input as to what may be incorporated into the design. The meeting is set for tomorrow, Wednesday, September 7th at 6:30 PM at Ann Arbor District Library – Pittsfield Branch, 2359 Oak Valley Drive.
- The Ann Arbor Police department has designated Sergeant Tom Hickey as its Outreach Liaison to the LGBTQ Community.
- After extensive review by the Federal Railroad Administration, the City of Ann Arbor is releasing the Ann Arbor Station Alternatives Analysis Phase II report. The report builds upon the Phase I Alternatives Analysis by examining, in detail, three possible train station sites. The report is available on the project website at a2gov.org/annarborstation. The next round of public meetings to discuss the report and accept public comment are being scheduled for the latter half of September. We will update you when dates, times and locations are confirmed.
