producer only guideline recommendations

Market manager agreed to consult with beekeepers to make a list of activities involved in producing honey.

For producers, commission agreed with comments that plants may need to be in a vendor's possession more than 3-6 weeks, as was originally suggested. Rather than a set amount of time, commission recommended using different criteria here.

Market manager agreed to re-write suggestion for Plants/Seedlings section and bring back to commission. Also agreed that a trial period is needed to see how these apply in practice.

J SECOND PUBLIC COMMENT (NOT LIMITED TO AGENDA ITEMS)

Jae Jermo, market vendor, was on the vendor committee for the original indoor building design. The cost jumped because the width expanded, and some vendors were not in favor because it affected parking. The sidewalks are nice because they do not take away parking.
