Resolution to Approve Cooperative Purchasing Interlocal Contract with Houston-Galveston Area Council (H-GAC)

Cooperative purchasing allows governmental entities to use a contract that was competitively procured by another governmental entity or purchasing cooperative. Such purchasing helps reduce the cost of procurement, allows access to a multitude of competitively bid contracts, and provides the opportunity to take advantage of volume pricing.

The Houston-Galveston Area Council (H-GAC) is a region-wide association of local governments in Texas that makes their competitively bid contracts available to other government agencies throughout the United States.

There are eighty-two (82) governmental entities and instrumentalities within Michigan that are participating members in the H-GAC Buy cooperative purchasing program.

Approval of the Interlocal Contract authorizing participation in H-GAC Buy does not obligate the City to make any purchases and is supported through administrative fees assessed to participating contractors. The H-GAC Buy program is very similar to other cooperative purchasing programs (e.g. State of Michigan MI Deal, CoPro+, National IPA, Oakland County) that the City participates in and access to the H-GAC Buy program will simply provide the City with another tool in its purchasing toolbox.
