Resolution to Approve License Agreement with New Par, d/b/a Verizon Wireless, to Erect and Use Telecommunications Equipment on the Plymouth Road Water Tower Site

New Par, a Delaware partnership d/b/a Verizon Wireless By: Verizon Wireless (VAW) LLC, its general partner ("Verizon"), has asked to install antennae and related facilities on the Plymouth Road Water Tower site and has agreed to the terms of a license agreement that would require an annual fee starting at \$34,922.81 for the first year, which starts July 1, 2010, and runs through June 30, 2011, but which amount is payable within 30 days after execution of the agreement. The annual fee will escalate at the rate of 4% per year starting July 1, 2011, and every July 1 thereafter. The initial term of the license agreement is for five years, ending June 30, 2015, with options to renew for four additional five-year terms. Although Verizon will not make use of the site before July 1, 2010, Verizon needs to have this Agreement approve before the end of 2009. for its internal planning purposes.

The terms of the license agreement between the City of Ann Arbor and Verizon are similar to license agreements between the City and other telecommunications providers that have installed antennae and related facilities on the Plymouth Road Water Tower and Manchester Water Tower sites. The license agreement governs in detail the responsibilities of Verizon on the site so as to protect the interests of the City and other licensees on the site.

Approval of the license agreement with New Par, a Delaware partnership d/b/a Verizon Wireless By: Verizon Wireless (VAW) LLC, its general partner, is recommended.  
Prepared by: Abigail Elias, Chief Assistant City Attorney
