Resolution Granting an Easement for Overhead Right of Way at the Ann Arbor Wastewater Treatment Plant to Detroit Edison Company **(8 Votes Required)**

There is a resolution before you to grant an easement for Overhead Right of Way at the Ann Arbor Wastewater Treatment Plant to the Detroit Edison Company (DTE), a Michigan corporation, for the construction and maintenance of overhead electrical lines.

On September 20, 2007, Council approved an agreement with DTE to relocate high voltage power lines at the Wastewater Treatment Plant in connection with the renovations at a portion of the plant;

DTE has relocated those power lines, which necessitate an amended grant of easement over the new locations to allow them to continue to maintain those electrical lines;

The DTE drawing describing the amended grant of easement has been reviewed and approved by the Wastewater Treatment Services Unit as conforming to the location of all electrical lines currently existing at the plant.

This easement will encompass all DTE electrical lines at the plant, including the additional relocation and installation work done, and will replace and supersede prior grants of easement to Detroit Edison, for the purpose of standardizing the terms and conditions of the easement.

There is no cost involved to the City.

Acceptance of the easement is recommended.

Whereas, The City of Ann Arbor, a Michigan municipal corporation, is the owner in fee simple of property located in NE ¼ of Section 36, Town 2 South, Range 6 East in the Township of Ann Arbor,

County of Washtenaw, State of Michigan, as recorded in the Warranty Deed at Liber 263, page 159 on May 1, 1926, and being commonly known as the Wastewater Treatment Plant;

Whereas, The Detroit Edison Company has relocated and reinstalled high voltage electrical lines to better serve the operations of the Wastewater Treatment Plant as renovated; and

Whereas, The Wastewater Treatment Services Unit has determined that it is in the City's best interest to request that the Detroit Edison Company construct and maintain all electrical lines at the Plant, and that the location of the easement will not interfere with City operations;

RESOLVED, That the City of Ann Arbor approve the grant of easement for overhead right of way to the Detroit Edison Company, to run with the land and burden the respective property perpetually, being more particularly described as follows:
