Resolution to Continue Participation in CLEMIS Public Safety Information Sharing Services Provided by Oakland County for a Two (2) Year Period - FY2008 & FY2009 (Not to Exceed \$188,160.00)
 The attached resolution seeks a continuation of participation in CLEMIS services provided by Oakland County for the use and benefit of shared public safety information. The use of the highly specialized and integrated services provided through CLEMIS allows many public safety organizations in Washtenaw County, and Southeast Michigan, to share information and intelligence, which improves Safety Services responsiveness and the overall safety of the Ann Arbor and Washtenaw County communities.

Currently, with the City’s implementation of CLEMIS, interoperable communications allowed local law enforcement agencies to realize the benefit of information sharing across agency and county boundaries.

After approval of Resolution #R-372-8-05, dated August 15, 2005, equipment and services were supplied and provisioned through approved grant funding. In FY2008, the grant funding was fully utilized, and on-going operation of the service is administered by the current FY2008 Information Technology Services Unit Budget.

The funding for participation in CLEMIS information sharing services was budgeted in the FY2008 Information Technology Services Unit budget, and approved with the FY2009 Budget.

An operating contingency amount of 5% or \$8,960 for FY2009 is also budgeted.

We recommend that the attached resolution for the amount of \$188,160.00, including a 5% contingency for FY2009, be approved.
