Resolution to Amend Contract with the US Department of Energy for Solar America Cities Project (\$200,000.00 Federal Funds)

The attached resolution will approve an amendment to an existing agreement with the US Department of Energy (DOE) that accepted a \$200,000.00 two-year grant for the City of Ann Arbor to lead an effort to integrate solar energy throughout the Ann Arbor community by 2015 (R-07-498, October 15, 2007). This amendment adds \$100,000.00 from the Downtown Development Authority (accepted May 5, 2008 by R-08-209) to the local match for this grant, providing the Ann Arbor Solar America Partnership with a new matching fund total of \$335,245.00. The amendment also identifies a new DOE Project Officer, who will be working with the Ann Arbor Partnership. All other terms and conditions remain the same.

This \$100,000.00 in additional matching funds increases the City's financial responsibility to the project to \$335,245.00 while also building a "cushion" above DOE's statutory requirement of 50% cost share for the \$200,000.00 in federal funds the City is receiving. The Farmers Market Solar Project funded by these funds is already substantially complete, and will be a flagship installation for the Solar America Cities project. An educational exhibit, using \$6,000.00 in grant funds from the Michigan Energy Office, is being designed with the Hands-On Museum for installation at the Farmers Market this fall.

The chart below of match commitments for this grant reflects the Downtown Development Authority's increase from \$3,000.00 to \$103,000.00.

This grant represents a major step in the City's efforts to reach the renewable energy goals set by City Council on May 1, 2006. It has brought together a strong, extensive public/private partnership in the Ann Arbor community and demonstrates a true commitment by this community to lead the way to a clean, sustainable energy future.

Grant funds will continue to be available for the life of the project regardless of fiscal year. The Energy Office will continue to provide grant manager services.
