Resolution to Approve the Purchase of 75 Streetlight Fixtures for replacement, 80 enclosures and miscellaneous electrical supplies for traffic signal maintenance and installations from Graybar Electric Company, Inc. through the Michigan Delivering Extended Agreements Locally (MIDEAL) (\$62,354.03)

Attached for your review and approval, please find a resolution to authorize the purchase of 75 LED streetlight fixtures for maintenance and replacement, 80 enclosures, and miscellaneous electrical supplies for traffic signal maintenance and installations from Graybar Electric Company, Inc. in the amount of \$62,354.03. The fixtures and enclosures will be used for streetlight maintenance and replacement city-wide. The fixtures are dark-sky compliant and have a 7 pin receptacle socket which means they are compatible with ‘smart city’ sensors (which could be added at a future date).

Graybar was chosen by the State of Michigan to provide “electrical, lighting, data communications and security products and related products, services and solutions - statewide” (Contract #17118000000463). Under MiDEAL, the State of Michigan allows Michigan cities to buy goods and services from state contractors. Purchasing streetlight fixtures from Graybar under the State contract saves time and resources by foregoing local procurement in favor of the procurement already done by the State. The total purchase of the fixtures and enclosures is \$62,354.03.

Budget and Fiscal Impact: The funding for these purchases are included in the Engineering/Transportation Service Unit FY2021 approved Operations and Maintenance Budget and appropriate capital budgets.

Prepared by: Raymond Hess, Transportation Manager  
Reviewed by: Craig Hupy, Public Services Area Administrator  
Approved by: Tom Crawford, City Administrator

Whereas, City Council has established installation and maintenance of streetlights as a priority;

Whereas, Graybar Electric Company, Inc. was chosen by the State of Michigan to provide electrical, lighting, data communications and security products and related products, services and solutions on a statewide basis;

Whereas, Under MiDEAL, cities can buy goods and services from state contractors;

Whereas, Graybar Electric Company, Inc. complies with the City's Non-Discrimination Ordinance; and

Whereas, Sufficient funds are included in the Engineering/Transportation Service Unit FY2021 approved Operations and Maintenance Budget and appropriate capital budgets;

RESOLVED, That City Council approves a purchase order to Graybar Electric Company, Inc. in the amount of \$62,354.03 for the purchase of 75 streetlight fixtures, 80 enclosures and miscellaneous electrical supplies for streetlights and traffic signals citywide; and

RESOLVED, That City Council authorizes the City Administrator or designee to take the necessary administrative actions to implement this resolution.
