Resolution to Approve FY2010-2015 Capital Improvements Plan (CPC Recommendation: Approval - 8 Yeas and 0 Nays)

Attached is a resolution to approve the FY 2010-2015 Capital Improvements Plan (CIP). The CIP identifies major public construction projects and improvements anticipated during the next six fiscal years. The CIP has received significant staff and public review, including a public hearing before the City Planning Commission.

The CIP serves as a tool to prioritize and plan for capital improvement recommendations of the various City Master Plans. In addition, the CIP will provide guidance in budget preparation and long-range financial planning, particularly with regard to those projects included in the first two years of the document, which will be considered for inclusion in the Capital Budget submission to the City Council in the spring of 2009.

The City Planning Commission adopted the plan at its meeting of December 16, 2008, and recommends Council approval of the plan
