Resolution Authorizing Sanitary Sewer Improvement Charge for 3410 Ferry Street (\$3,436.71)
Your approval is requested to levy sanitary sewer improvement charges of \$3,436.71 on the property known as 3410 Ferry Street. Annexation from Scio Township was completed in 1994 as notified by the State of Michigan.

Historically improvement charges were levied following annexation. Upon review, we found that the sanitary sewer improvement charge for this property was never levied or paid. The water improvement charge was paid by Gelman Sciences.

The property is currently connected and active for sanitary sewer service. According to the procedures in place at the time of annexation, the property owner needs to now pay the property's share of the existing utilities through the City improvement charge levy as required under section 1:278, Chapter 12, of the Ann Arbor Code. Because the property has changed ownership multiple times since notice was provided, staff is recommending special consideration for the current property owner by extension of a 15 year payment schedule and zero percent interest terms. The \$3,436.71 Utilities Improvement Charge is to be levied and then made payable in 15 annual installments at 0% interest per annum on the unpaid balance.

It is therefore recommended that Council levy this improvement charge according to the terms described above.
