The easement is made pursuant to section 36111 b of the Natural Resources and Environmental Protection Act (MCL 324.3611b; MSA 13A.3611b) and Chapter 42 of the Ann Arbor City Code. The easement is for the purpose of preservation of the Property's agricultural use, including the protection of prime, unique or important soils, by preventing any use that would significantly impair or interfere with the agricultural value.

Matching grant funds are through the USDA Natural Resources Conservation Service. The City's share is from the Open Space and Parkland Preservation Millage proceeds. The FRPP program is voluntary and provides matching funds for local governments to acquire development rights on farmland. The landowners retain the right to use their property for agriculture.

Robert H. Schultz, Superior Township

The farm is approximately 136 acres and is located along Harris Road and Geddes Road in Superior Township. The deed to the property is held by Robert H. Schultz. An application to participate in the Program was received from the deed holders in December 2011.

This farm is considered large enough to sustain agricultural production and is in a location that will encourage additional farmland preservation activities. The property is surrounded by additional farmland that has been protected by Southeast Michigan Land Conservancy, Washtenaw County and the Greenbelt program.
