Resolution to Extend Temporary Moratoria on Digital Billboards

On April 16, 2012, City Council approved Resolution R-12-146 to impose 180-day moratoria on the erection of new digital billboards or the conversion or replacement of existing billboards with digital. City Council determined that these moratoria were necessary to promote the public health, safety and welfare of City residents.

Since that time, staff from Planning & Development and the City Attorney's Office have been researching best practices for the regulation of digital billboards and digital signage. Additional time is necessary to complete this research and provide recommendations for appropriate regulations. As a result, staff recommends that City Council extend these moratoria an additional 180 days.
