Resolution Confirming Status of City Employees Assigned to the Ann Arbor Housing Commission
The Ann Arbor Housing Commission has applied to the U.S. Department of Housing and Urban Development (HUD) to convert its public housing units to project based vouchers under HUD's Rental Assistance Demonstration (RAD) program. The Housing Commission will continue to operate consistent with its general mission to provide affordable housing under state statute and Ann Arbor City Code.

This resolution formally confirms that the employees of the Housing Commission are currently City employees and will continue to be City employees after the RAD program conversion. These employees currently receive paychecks and benefits in accordance with City human resource policies and union collective bargaining agreements, and the Housing Commission reimburses the City for all compensation costs. There are no planned changes to this reimbursement procedure.
