Resolution to Approve a Contract with TSP Services, Inc. for the Demolition of Farmhouse, Barns and Outbuildings at Wheeler Service Center, ITB-4268 (\$57,940.00)

As part of the Wheeler Service Center Development Agreement the City entered into with Pittsfield Township, the City agreed to raze a farmstead that is located along Ellsworth Road just west of Shadowood Drive. The farmstead buildings are in poor condition and possess no historic significance. The buildings are an unattractive nuisance to humans and animals.

The demolition includes the removal of all structures located on the site, all structure foundations, all miscellaneous concrete and asphalt surfacing, with grading and restoration work consisting of topsoil, seed and mulch.

A lead and asbestos survey was conducted for all structures on the site on March 28, 2013. The survey found lead and asbestos in several of the structures. Abatement and proper, legal disposal are required for all materials on site exceeding federally mandated action levels.

Eight bids were received in response to ITB-4268:

TSP Services, Inc.	\$ 57,940.00
Able Demolition	\$ 68,820.00
Dore & Associates Contracting	\$ 71,100.00
Smalley Construction Company	\$ 79,250.00
Graham Construction Corporation	\$ 80,000.00
Blue Star	\$ 93,950.00
Homrich	\$ 124,000.00

Funds are available in the Wheeler Maintenance Facility capital project budget.

TSP Services, Inc. received Contract Compliance approval on August 29, 2013 and Living Wage approval on April 30, 2013.
