An Ordinance to Amend Chapter 55 (Zoning), Rezoning of 0.86 Acre from R4C (Multiple-Family Residential District) to PUD (Planned Unit Development District), White/State/Henry PUD Zoning and Supplemental Regulations, 701 Henry Street (CPC Recommendation: Approval - 7 Yeas and 0 Nays) (Ordinance No. ORD-15-19)

Approval of this ordinance will rezone this 0.86 acre parcel from R4C (Multiple-Family Dwelling District) to PUD (Planned Unit Development), to allow redevelopment of the site as affordable multiple-family housing. Approval of this ordinance will create supplemental regulations for the PUD.

### Petition Summary:

- The petitioner proposes to demolish the existing 28-unit apartment building and construct a new 32-unit, three-story apartment building with community center on the site.
- Proposed PUD public benefits include providing dwelling units affordable to lower income households, increased open space, improved housing stock, and pedestrian connections within the complex and to public transportation. These public benefits are offered in exchange for increased residential density, reduced front, side and rear building setbacks, reduced parking and reduced conflicting land use buffer and landscape screening along the north property line
- Public benefits are incorporated into the supplemental regulations for the site.

The City Planning Commission, at its meeting of July 21, 2015, recommended approval of this

request.
