Ann Arbor City Council Minutes Regular Session - December 5, 2005

Mayor John Hieftje called the regular session of the Ann Arbor City Council to order at 7:10 p.m. in the City Hall Council Chamber.

Council stood for a moment of silence.

Mayor Hieftje led Council in the recitation of the Pledge of Allegiance.

ROLL CALL OF COUNCIL

PRESENT : Councilmembers John Roberts, Joan Lowenstein, Stephen Rapundalo, Jean Carlberg, Leigh Greden, Margie Teall, Marcia Higgins, Christopher Easthope, Wendy A. Woods, Mayor John Hieftje, 10;

ABSENT : Councilmember Robert M. Johnson, 1.

INTRODUCTIONS

APPOINT SAMUEL HOPKINS AS ANN ARBOR FIRE CHIEF

City Administrator Roger Fraser introduced Samuel Hopkins as the new Ann Arbor Fire Chief. Samuel Hopkins previously served with the Lansing, Michigan Fire Department for 29 years where he started his career as a firefighter. Mr. Hopkins eventually retired from the Lansing Department as the Fire Chief.

R-618-12-05 APPROVED

Resolution to Appoint Fire Chief

Whereas, A national search developed candidates for the position of Fire Chief and a selection process involving Fire Department personnel, Service Area Administrators, Council Members and other citizens was

conducted;

Whereas, Samuel Hopkins served with the Lansing, Michigan Fire Department for 29 years where he started his career as a Firefighter and progressed through the officer ranks, which resulted in him serving for seven years with Lansing as the Fire Chief until his recent retirement;

Whereas, Section 12:1(b) of the Ann Arbor City Charter provides that the Fire Chief shall be appointed by the City Council on recommendation of the City Administrator; and

Whereas, Samuel Hopkins is qualified to serve and is recommended to Council for appointment as Ann Arbor's Fire Chief;

RESOLVED, That City Council does hereby appoint Samuel Hopkins as City of Ann Arbor Fire Chief, effective December 5, 2005 in accordance with the terms and conditions of employment contained in the attached letter dated November 18, 2005, and which letter hereby is made a part of this resolution of appointment.

Councilmember Higgins moved, seconded by Councilmember Easthope, that the resolution be adopted.

On a voice vote, the Mayor declared the motion carried unanimously.

City Clerk Jacqueline Beaudry officially swore in Samuel Hopkins as the City of Ann Arbor Fire Chief.

Presentation on Citywide Non-motorized Plan

Jeff Kahan, City Planner for the City of Ann Arbor, provided Council with the status of the citywide non-motorized plan. The Greenway Collaborative was formed in December 2003 to provide a comprehensive, citywide non-motorized transportation plan for the City of Ann Arbor. The City partnered with the Downtown Development Authority and the University of Michigan to fund the development of the plan.

The draft plan will likely be presented to the Planning Commission in early 2006 for a State-required public hearing. After Planning Commission approval, it will be forwarded to City Council for approval and adoption as an element of the City's master plan. The draft plan can be reviewed by visiting The Greenway Collaborative's website at www.greenwaycollab.com.

Bicycle Friendly Community Award

John Waterman from the League of American Bicyclists presented the Bicycle Friendly Community Award to the City. The League is one of the nation's premier cycling organizations. The League promotes bicycling through fun, fitness, transportation and works of advocacy education to create a bike-friendly America. Ann Arbor completed the process of becoming bicycle-friendly and is one of 52 communities to receive this award.

Presentation of Recommendations for the Downtown Development Strategies Project

Joseph Scanga, principal with Calthorpe Associates, presented a final report of the Downtown Development Strategies Project to Council. The report was prepared to address the complex issues affecting Downtown Ann Arbor and their impacts in its adjacent neighborhoods. The report provides strategies to identify and encourage change, while placing an emphasis on building upon the stability of core areas and the Downtown's unique characteristics. A copy of the report is on file in the City Clerk's Office.

ORGANIZATION OF NEW COUNCIL

APPROVAL OF COUNCIL MINUTES

MINUTES OF NOVEMBER 1 AND 21, 2005 APPROVED WITH CORRECTIONS

Councilmember Greden moved, seconded by Councilmember Carlberg that the working and special session minutes of November 1, 2005 be approved as presented and the regular session minutes of November 21, 2005 be approved with minor corrections.

On a voice vote, the Mayor declared the motion carried.

R-622-12-05 APPROVED

RESOLUTION TO APPROVE Authorizing a Parking Contract Between McKinley and the City of Ann Arbor

Whereas, McKinley recently purchased the four former TCF Bank property parcels on the northeast corner of Liberty/Division, the northeast corner of Washington/Division and the southwest corner of Washington/Division, and has proposed significant redevelopment plans for these sites within the next five years;

Whereas, These future McKinley projects are anticipated to provide significant increases in taxable value, they may provide approximately 145 new residential units, and they may serve as a catalyst for the

redevelopment of the Liberty Street and Washington Street corridors;

Whereas, McKinley currently leases 252 monthly permits at the Liberty Street Parking Structure from Republic Parking, and has requested a contract for these permits to enable their redevelopment of parcels #1-4 to go forward;

Whereas, Under its 1992 agreement with the City, the DDA acts as manager of the City's parking structures, including Liberty Square;

Whereas, The DDA reviewed this request in depth and has recommended that a parking contract be provided to McKinley with the following elements:

« Parking permits under this contract would be made available at the Liberty Square parking structure for a period of twenty years with no renewals. Until permits are assigned under contract, the permits held by McKinley would continue to be paid for on a month-to-month basis by McKinley.

« After each of McKinley's three proposed redevelopment efforts receives a certificate of occupancy from the City, a long-term contract would be approved as follows: 107 permits for parcel #1; 45 permits for parcel #2 and 100 permits for parcels #3 and #4. No single assignee shall be provided with more than 59 permits under a contract.

« During the term of the agreement, McKinley may at any time reduce the number of permits from this agreed-upon number; however, unless otherwise agreed to by the DDA, any such reduction will be permanent.

« The permits under this contract would be available for use only by individuals who are occupants of the three projects listed above.

« In addition to the prevailing monthly permit rate in Liberty Square upon issuance of these permits under contract, McKinley shall pay an additional thirty dollars per month. This additional amount shall be adjusted annually by the rate of inflation as agreed to by McKinley and the DDA.

« Once permits have been approved under contract, McKinley (or an assignee) shall pay the total of permit fees for each permit issued under this agreement on a monthly basis, in a single lump sum. No assignment of these permits shall be permitted without the permission of the DDA which shall not be unreasonably withheld.

Whereas, McKinley has requested a twenty year contract, and since the City's management agreement with the DDA will be up for renewal in 2015, the agreement for these parking permits must be made between McKinley and the City of Ann Arbor;

RESOLVED, City Council authorizes a parking agreement between the City of Ann Arbor and McKinley with the terms and conditions recommended by the DDA as stated above.

On a voice vote, the Mayor declared the motion carried.

Councilmember Higgins moved, seconded by Councilmember Teall, that the resolution be adopted.

Councilmember Greden recused himself from voting on this resolution.

R-625-12-05 APPROVED AS AMENDED

(RESOLUTION TO Accept the Downtown Development Strategies Final Report as Presented by Calthorpe Associates)

Councilmember Higgins moved, seconded by Councilmember Lowenstein, that the resolution be adopted.

Councilmember Lowenstein moved, supported by Councilmember Greden, to amend the 2nd resolved clause as follows:

2nd RESOLVED Clause:

§ ...Provide for a 60-day review period of this report providing the DDA[,] and Planning Commission [and THE public] the opportunity to provide informal comments to City Council and the Community Services Administrator by the end of this review period on February 6, 2006. In addition, [the city council planning commission And dda shall each hold public hearings within the 60 day review period all schedule three public hearings on the recommendations.]

On a voice vote, the Mayor declared the motion carried.

The question being the resolution as amended, on a voice vote, the Mayor declared the motion carried.

The resolution as amended reads as follows:

RESOLUTION TO Accept the Downtown Development Strategies Final Report as Presented by Calthorpe Associates

Whereas, In December, 2004, Council passed resolution R-508-12-04 directing the Downtown Development Authority (DDA), Planning Commission, Environmental Commission and City staff to pursue action items supporting the work of the Downtown Residential Taskforce;

Whereas, In February, 2005, Council established an ad-hoc steering committee including the DDA, Planning Commission and City Council members, per resolution R-32-2-05, to expedite specific action to revise the City's zoning regulations and other policies to encourage downtown residential and commercial development;

Whereas, In May, 2005, based on the recommendation of the steering committee, Council passed resolution R-175-5-05 authorizing the hiring of Calthorpe Associates to provide land planning, urban design and implementation strategies for the downtown development strategies project to encourage downtown residential and commercial development;

Whereas, Calthorpe Associates assessed the downtown Ann Arbor zoning and development policies with regard to future development in the downtown and the future desires of Ann Arbor residents in this regard through a series of public design workshops and informational meetings, review of existing site and zoning conditions, and analysis of the economic market conditions of the downtown; and

Whereas, Calthorpe's work resulted in the Downtown Development Strategies Final Report;

RESOLVED, That City Council accept the Downtown Development Strategies Final Report; and

RESOLVED, That City Council implement the following steps with regard to continued implementation of this project:

· Provide for a 60-day review period of this report providing the DDA, Planning Commission and the public the opportunity to provide informal comments to City Council and the Community Services

Administrator by the end of this review period on February 6, 2006. In addition, the City Council, Planning Commission and DDA shall each schedule public hearings on the recommendations within the 60-day review period.

- Hold a joint working session with the DDA, Planning Commission and Calthorpe Associates on Tuesday, January 17, 2006 to discuss and clarify the final report
 - Direct Calthorpe Associates to provide implementation recommendations by January 3, 2006 for review and discussion by the DDA, Planning Commission, and City Council at the joint working session on Tuesday, January 17, 2006
 - Direct staff to bring forward a resolution to City Council identifying a strategy to implement the recommendations in the final report by the second meeting in February 2006
 - Thank the Downtown Development Strategies Steering Committee for all of their work with overseeing this six-month community project
- Disband the Steering Committee effective December 5, 2005 since it's work has been completed.

City Staff were directed to set up a response email/message box on the City's website as an avenue for public input regarding the Calthorpe project.

Councilmember Easthope requested that the Greenway Task Force consider holding a public hearing on the Calthorpe recommendations.

R-626-12-05 APPROVED

RESOLUTION to Support Study of US-23 Corridor

Whereas, The US 23 corridor through Washtenaw and Livingston counties is congested, which has resulted in an erosion of the quality of life and community, and will likely worsen as this corridor is projected to continue growing;

Whereas, The Michigan Department of Transportation deferred a study to address the transportation capacity issues in corridor and is now moving selected projects into planning and National Environmental Policy Act process as funding becomes available;

Whereas, The City of Ann Arbor recognizes, based on its own experience as well as the experience of many other metropolitan areas including Atlanta and Chicago, that a community cannot build its way out of traffic congestion by solely adding road capacity;

Whereas, The City of Ann Arbor recommends that further study of this corridor include full consideration of techniques to manage the demand on the transportation system and be based upon an effort to coordinate actions with cities and townships responsible for land use planning and include consideration of land use, as land use patterns have been documented to have substantial impact on future demands for type and quantity of travel demand;

Whereas, High Occupancy Vehicle (HOV) lanes that can accommodate and support higher occupancy forms of transportation including car and vanpooling, conventional fixed route bus, intercity commuter bus and Bus Rapid Transit systems are preferred over general purpose lane construction, a concern exists that HOV lanes would be converted to general purpose traffic lanes upon project completion or shortly thereafter;

Whereas, A railroad corridor exists parallel to US 23, that can immediately serve travel along the corridor and connect with Ann Arbor's downtown and has the capacity to serve this corridor; and

Whereas, The City of Ann Arbor is committed to ensuring access and mobility through the development and operation of a multimodal transportation system that is designed to support high capacity transportation as a means to manage and ameliorate congestion using the least amount of resources while

providing the greatest number of travel options;

RESOLVED, That the Ann Arbor City Council supports removing the US 23 transportation planning and environmental impact analysis from the list of deferred projects and resuming a comprehensive planning and transportation system development study for this corridor;

RESOLVED, That this study should include a full array of transportation and land planning strategies to address the demands along this rapidly developing corridor and be framed to address land use planning, economic development, as well as multimodal transportation systems in the corridor;

RESOLVED, That the Ann Arbor City Council supports establishing passenger rail service on the existing railroad corridor as the preferred approach to quickly meet existing and anticipated travel demand and recommends a full Benefit Cost Analysis be undertaken as part of the study and such analysis evaluate travel demand strategies, rail transport, other high occupancy strategies; and

RESOLVED, That the Washtenaw Area Transportation Study, as the region's transportation planning agency that is responsible for coordinating planning with local governments in the region, is uniquely and well qualified to lead the effort by serving as the project's manager.

Councilmember Higgins moved, seconded by Councilmember Teall, that the resolution be adopted.

On a voice vote, the Mayor declared the motion carried.

RECESS FOR CLOSED SESSION

Councilmember Higgins moved, seconded by Councilmember Teall, that the regular session of Council be recessed for a closed session to discuss pending litigation and attorney client privileged communication.

On roll call, the vote was as follows:

Yeas, Councilmembers Carlberg, Greden, Teall, Higgins, Easthope, Woods, Roberts, Lowenstein, Rapundalo, Mayor Hieftje, 10;

Nays, 0.

The Mayor declared the motion carried and the meeting recessed at 10:52 p.m.

Councilmember Higgins left the meeting at 10:53 p.m.

The Mayor reconvened the meeting at 11:18 p.m.

Councilmember Greden moved, seconded by Councilmember Carlberg, to authorize the City Attorney to proceed with a settlement in the matters as discussed in closed session.

On a voice vote, the Mayor declared the motion carried.

RESOLUTION TO Adopt the Statement of Philosophy and Role of Advisory Committee of the Ann Arbor Deferred Compensation Section 457 Savings Plan

Whereas, The City sponsors a Deferred Compensation Savings Plan as provided under Section 457 of the

Internal Revenue Code;

Whereas, The Federal Government has enacted several changes to the Internal Revenue Code pursuant to the Tax Reform Act of 1986 and subsequent legislation;

Whereas, The City-adopted the ICMA model plan document and trust effective January 1, 2002;

Whereas, A Resolution approved by Council on February 23, 1978, established the Deferred Compensation Administrative Board Statement of Purpose;

Whereas, ICMA as plan administrator, performs many of the services for the plan at no additional charge which the Administrative Board performed in the past as a result of the February 23, 1978, Resolution;

Whereas, The Administrative Board's fiduciary obligation is critical in ensuring that underlying investments in the plan be routinely measured and benchmarked to ensure they meet with investment goals and objectives;

Whereas, The Administrative Board's fiduciary obligation is critical in monitoring the plan's trustee which is responsible for holding and investing plan assets in accordance with the terms of the trust agreement, and the record keeper which is responsible for maintaining participant account balances as well as information regarding plan contributions and withdrawals;

Whereas, The Administrative Board's fiduciary obligation is critical in ensuring that participants in the plan have the necessary investment tools and communication materials to make informed decisions with respect to their retirement fund investments;

RESOLVED, That City Council approves the updated Section 457 Savings Plan Statement of Philosophy and Role of Advisory Committee;

RESOLVED, That the City Administrator is authorized and directed to take any further necessary administrative actions to implement this resolution.

Councilmember Greden moved, seconded by Councilmember Carlberg, that the resolution be adopted.

On a voice vote, the Mayor declared the motion carried.

R-628-12-05 APPROVED

Resolution Providing Input to the Michigan Department of Environmental Quality Regarding Rules for the Regulation of Non-Ferrous Metallic Mining

Whereas, The Michigan Department of Environmental Quality has asked for input from the citizens of Michigan on the formulation of rules governing non-ferrous mining;

Whereas, The comment period ends on December 19, 2005;

Whereas, Mining of minerals in sulfide deposits inevitably creates sulfuric acid:

Whereas, Sulfide mining has caused irreversible damage in sites that were not properly regulated in Alaska, Montana, Wisconsin, and Utah;

Whereas, There are numerous sulfide mining proposals in Michigan;

Whereas, The Mid-Continental Rift which contains sulfide deposits extends as far south in Michigan as Ann Arbor;

Whereas, The potential exists for sulfide mining to contaminate the Waters of Michigan and the Great Lakes and to do lasting harm to environment of the Great Lakes State;

Whereas, The citizens of Ann Arbor use the Waters of Michigan and the Great Lakes for recreation, commerce and sustenance;

Resolved, That,

The Ann Arbor City Council strongly supports the proposed rules implementing Part 632 of NREPA, regulating non-ferrous metallic mining, with the following changes:

1) Liners under storage facilities must be sufficient to assure that acid and other contaminants will not leach into the environment. Consequently, the provision allowing bedrock liners (R425.409(1)(a)(ii) should be eliminated. Additionally, the definition of "reactive" in R425.102(1)(f) should not include "contaminated" under other parts of NREPA, thus allowing the DEQ to require liners under storage facilities, which may leach harmful substances not already covered under other parts of existing law.

2) The DEQ must have the ability to order that leaks be remedied before reaching levels that require clean up, and in fact should be proactively repaired. Therefore, removal of reference to Part 201 (which governs clean-up standards) from R425.406(8-9) is necessary.

3) There are some areas of Michigan which are simply too sensitive to allow this type of mining. The state must include siting requirements in the final rules, which will set criteria outlining the types of areas, which are too sensitive to mine.

4) Given the requirement to return mining areas to "self-sustaining ecosystems" (R425.409(b)), it is essential to collect sufficient data on existing plant and animal populations. The Environmental Impact Assessment should require 3 full years of baseline data for flora and fauna in R425.202(2)(y).

This resolution to be sent without delay to:

RESOLUTION REQUESTING AN EXTENSION OF THE 15TH DISTRICT COURT LEASE FROM THE WASHTENAW COUNTY BOARD OF COMMISSIONERS

Whereas, The City of Ann Arbor is required by State law to maintain and operate the 15th District Court inside the City limits, which includes three judges, one magistrate , and space for probation, case management, security, and administrative offices;

Whereas, The 15th District Court is currently located in the Washtenaw County Courthouse in space leased by Washtenaw County to the City of Ann Arbor;

Whereas, The current lease for the 15th District Court in the Washtenaw County Courthouse expires on December 31, 2008, and thus the City must find new space inside the City limits for the 15th District Court;

Whereas, The City is committed to acting judiciously in planning new space for the 15th District Courthouse to ensure that the new space is cost effective, efficient, secure, and to ensure that the public has ample opportunity for input;

Whereas, The City is concerned that new space for the 15th District Court cannot be adequately designed and constructed before its current lease with Washtenaw County expires in 2008;

RESOLVED, That the City Council respectfully requests that the Washtenaw County Board of Commissioners approve a short-term extension until December 31, 2010 of the lease for the 15th District Court;

RESOLVED, That the City Administrator be authorized to negotiate with the County Administrator to effectuate such an extension.

Councilmember Easthope moved, seconded by Councilmember Greden, that the resolution be adopted.
