RESOLUTION SUPPORTING H.R. 15 AND H.R. 2034

Whereas, The United States has the most expensive healthcare system in the world in terms of absolute costs, per capita costs, and percentage of gross domestic product;

Whereas, Despite the fact that the United States spends more on healthcare than any other nation, the World Health Organization has ranked the United States 37th among all nations in terms of meeting the needs of its people;

Whereas, Over 46 million Americans, including nine million children, continue to live without healthcare coverage;

Whereas, Healthcare costs have continued to increase in the past seven years, jeopardizing both the health and fiscal security of individuals, families, small businesses, and municipalities;

Whereas, Ann Arbor is the largest city in Washtenaw County, with approximately 114,000 residents plus thousands of University of Michigan students;

Whereas, The City of Ann Arbor, with the lowest unemployment rate in the State of Michigan, has been a leader in economic development in the State, but skyrocketing health care costs continually strain the City of Ann Arbor's resources, which in turn limits the City's ability to invest in other important programs, including infrastructure, public safety, economic development, human services, and parks;

Whereas, Congressman John D. Dingell's father, Congressman John Dingell, Sr., introduced the nation's first bill to provide national healthcare in 1943 and every Congress thereafter in which he served;

Whereas, Congressman John D. Dingell has, in every new Congress since his election in 1955, introduced legislation to provide healthcare for all Americans;

Whereas, H.R. 15, the National Health Insurance Act, would provide full and proper healthcare coverage for every American, regardless of income;

Whereas, H.R. 2034, the Medicare for All Act, would extend Medicare, the same program whose passage Congressman Dingell presided over in the US House in 1965, to everyone under age 65 and would, according to the Institute of Medicine, save the country \$380 billion a year;

Whereas, As Chairman of the exclusive U.S. House Committee on Energy and Commerce, the committee with broad jurisdiction over health issues, Congressman Dingell is in a prominent position to guide any

universal healthcare legislation through Congress;

Whereas, With the passage and signing into law of either H.R. 15 or H.R. 2034, the City of Ann Arbor would experience dramatic budget savings as it would be alleviated of the burden of providing its many fine employees with healthcare coverage, and Ann Arbor's residents would benefit from complete and high-quality health coverage; and

Whereas, Congressman Dingell is also working to ensure that every child in the United States receives proper healthcare through his efforts to reauthorize and expand the State Children's Health Insurance Program;

RESOLVED, That the Ann Arbor City Council hereby supports Congressman John D. Dingell's legislation, H.R. 15 and H.R. 2034, and will work to educate our constituency on the great importance of this legislation; and

RESOLVED, That the City Administrator shall send copies of this resolution to Governor Jennifer Granholm, U.S. Senators Carl Levin and Debbie Stabenow, The Michigan Delegation of the U.S. House of Representatives, State Senator Elizabeth Brater, State Representatives Rebekah Warren and Pam Byrnes, and President George W. Bush.
