Resolution to Approve Purchase of Carbon Dioxide (CO2) for Water Treatment Services from Continental Carbonic Products, Inc Bid No. ITB-4442 (estimated \$70,000.00/yr)

Resolution to Approve Purchase of Carbon Dioxide (CO2) for Water Treatment Services from Continental Carbonic Products, Inc. Bid No. ITB 4442 (estimated \$70,000.00/yr)

Your approval is requested to authorize the purchase of carbon dioxide (CO2) for the water treatment process. The Water Treatment Services Unit uses carbon dioxide in the softening process and for reducing the cost of disinfection. The estimated total cost of this chemical for FY17 is \$70,000.00.

The City received the following bids:

Continental Carbonic	\$125.00/ton
Praxair	\$130.00/ton
Univar	No Bid

It is recommended that Council accept the bid and award a purchase order to Continental Carbonic Products, Inc., as the lowest responsible bidder, to provide the Water Treatment Service Unit with carbon dioxide for FY17.

It is also recommended that the purchasing agreement be extended for up to three (3) additional one (1)- year periods at no increase in cost if the vendor is agreeable and if in the best interest of the City.

If Continental Carbonic Products, Inc. is unable to furnish carbon dioxide, it is requested that the City Administrator be authorized to accept the next lowest responsible bidder for the carbon dioxide purchase.

Funds are specifically budgeted for this purchase in the approved FY17 Operations and Maintenance Budget for the Water Supply System Fund.
