**Title:** Farmers Market Enclosure Site Plan and Landscape Modification for City Council Approval - The proposed Farmers Market public project, located at 315 Detroit Street, is to construct a new 4000 square foot structure that will increase the capacity of the existing market, provide cover for existing vendors who currently must provide their own tents and do not have access to electricity, and provide heated space for the winter market. The structure will feature glass pull-down garage style doors to allow for a fully open structure for spring, summer and fall, an enclosed, heated space for winter market, and landscaping with a conflicting land use buffer modification and seating areas for public use. (Ward 1) Staff Recommendation: Approval
