Resolution to Approve Fiscal Year 2018 Fee Adjustments for Parks & Recreation Services for Argo and Gallup Liveries

Attached for your consideration and approval is a resolution recommending fee adjustments to the Argo and Gallup boat rental prices, to be effective April 14th, 2018.

The City's Capital Improvement Plan identifies capital maintenance work needed at Argo and Geddes dams in Fiscal Year 2020 with a cost estimate of \$1,100,000.00. A proportionate increase in the rental fees for individual/group user(s) will help to offset the cost of the project, and provide funding for future recreational dam expenses.

	<u>Increase</u>
• 1 person boat	\$1.00
• 2 person boat	\$2.00
• Rafts	\$4.00

The fee increase will bring in approximately \$70,000.00 per year, based on calendar year 2017 boat rental activity. This revenue will be set aside in the Parks Memorials and Contributions Fund for the purpose of funding dam maintenance repair costs at Argo and Geddes dams.

The recently approved boathouse lease with Ann Arbor Rowing Club allocated a portion of their annual rent toward dam maintenance needs.

Argo and Geddes recreational dams create the Argo Pond and Gallup Park and Pond. These locations provide the opportunity for visitors to go on pond paddles, learn basic canoeing and kayak skills, try stand up paddle boarding, take pedal boat trips, and row sculls. Revenues in the amount of approximately \$1,050,000.00 per year are generated through boating activities at the Argo and

Gallup Liveries.

Maintenance of the recreational dams is a necessary part of the overall cost of providing these recreational opportunities.

Attached you will find comparative fee data. Even with the increase in the rental fee, the boat rental fees remain competitive and more affordable than a number of vendors.

PAC unanimously recommended approval of these fee increases at their January 23, 2018 meeting.

Prepared by: Colin Smith, Parks and Recreation Manager

Reviewed by: Derek Delacourt, Community Services Area Administrator

Approved by: Howard S. Lazarus, City Administrator

Whereas, Argo and Geddes dams have upcoming capital maintenance work and will have additional maintenance costs into the future;

Whereas, Maintenance of these recreational dams, which create the Argo Pond and Gallop Pond, is necessary cost of providing the recreational opportunities the public enjoys at Argo Pond and Gallop Park and Pond;

Whereas, A proportionate increase in boat rental fees for the purpose of maintenance needs for the recreational dams could generate \$70,000.00 annually;

Whereas, Revenue generated from the fee increase would be deposited in the Park Memorials and Contribution Fund for the specific purpose of funding recreational dam repairs;

Whereas, Comparative fee data show the proposed increased fees to be competitive; and

Whereas, The Parks Advisory Commission unanimously recommended approval of these fee increases at their January 23, 2018 meeting.

RESOLVED, That fees for Parks and Recreation Services be adjusted according to the attached schedule;

RESOLVED, That the attached fee schedule become effective according to the dates in the attached schedule; and

RESOLVED, That City Council authorize the City Administrator to take necessary administrative actions to implement this resolution.
