RESOLVED, That Ordinance No. 09-10 be published by the following summary:

Ordinance No. 09-10 amends Chapter 13 and Chapter 29 of the City Code by streamlining the process required for the collection of delinquent accounts receivable, and to make formerly disparate processes congruent. These changes includes: 1) Replacement of specific dates with timing guidelines; 2) Removal of requirement for multiple notices in Chapter 13; 3) Removal of requirement for multiple Council resolutions in Chapter 29; and 4) Restructuring of language in both Chapters 13 and 29. The changes also clarify the distinction between single lot assessment for public improvements such as water or sanitary sewer lines and the single lot assessment procedure used for delinquent accounts receivables.
