Resolution to Approve an Amendment to the Pharmacy Benefit Management Agreement with Express Scripts Inc. (\$8,597,509.00 for 2018 and \$9,157,472.00 for 2019)
The attached Resolution authorizes the City Administrator to execute the attached amendment and renewal of the City’s contract for pharmacy benefit management services with Express Scripts Inc. (“Express Scripts”). Express Scripts will continue to provide pharmacy benefit management service, including administrative claims processing services for the City’s health plan for the period of January 1, 2018 through December 31, 2019.

Budget/Fiscal Impact: The City’s agreement with Express Scripts is on a calendar basis. Cost projections for the Amendment were budgeted in the FY2018 and FY2019 budgets; they will be budgeted in the FY2020 budget. The estimated annual cost for the calendar year of this employee benefit is \$7,815,918.00 for 2018 and \$8,324,975.00 for 2019.

The Express Scripts Network, or its equivalent, is provided for under current labor agreements and our employee benefits program. This contract continues services now in effect.

The overall costs for the program will fluctuate monthly depending both on the number of employees and retirees enrolled in the program during any given month, and the amount of incurred claims actually paid during any given month.
