Resolution to Authorize the Purchase of One Ventrac Tractor with Accessories from J.W. Turf Inc. (Sourcewell - \$42,577.25)

The attached resolution authorizes the purchase of one new Ventrac 4500 Series Tractor with a mower deck, brush hog and broom attachments at a total cost of \$42,577.25 through the Sourcewell cooperative purchasing program (contract number 062117-VPI) for use by the Community Services Area, Park Operations.

The proposed Ventrac Tractor and accessories will replace a 2004 John Deere 5320 Tractor (#6783) and a 2004 Sweepster Broom (#6465) Park Operations. Each have unknown hours of use but are beyond their useful life and in need of replacement. The tractor and attachments are used for maintaining park grounds throughout the City. The Ventrac has a lower center of gravity than many tractors which allows for safer operations when mowing slopes. The broom attachment is used during the winter to remove snow from park pathways.

Venture Products Inc. was awarded contract number 062117-VPI by the Sourcewell cooperative purchasing program for Grounds Maintenance Equipment and Accessories. J.W. Turf Inc. is the local dealer for Ventrac Tractors and accessories. The City's purchasing unit has reviewed the Sourcewell cooperative purchasing program and found that it meets the requirements of the City of Ann Arbor for competitive and fair purchasing.

J.W. Turf Inc. complies with the requirements of the City's conflict of interest and non-discrimination ordinances.

Budget Impact: Adequate funding for the purchase of this equipment has been budgeted in the FY20 Fleet Services Fund budget.

Green Fleet Policy: At their October 17, 2019 meeting, the Green Fleet Committee approved the

need for the replacement of this equipment, that the proposed replacement is consistent with the Green Fleet Policy, and recommended the approval of this resolution. The Sustainability and Innovations Manager has concurred with the actions of the Committee.

Prepared by: Matthew J. Kulhanek, Fleet and Facility Unit Manager
