Resolution to Approve and Accept Various Grant Fund Opportunities and Appropriate Funding (\$13,274,184) (8 Votes Required)

The COVID-19 pandemic has had devastating effects on the world economy. The City of Ann Arbor has experienced this most profoundly in loss of revenue. City staff has endeavored to find solutions to balance our budget given revised revenue estimates. These solutions have been primarily expenditure reductions.

Several Federal and State grant opportunities are available that will provide relief to the City, its residents, and its employees. The table below summarizes these opportunities:

| Granting Agency | Grant Name | Source of Funds | Use of Funds | Amount |
|-----------------------|--|-----------------|---|---------------------------|
| U.S. Dept. of Justice | Coronavirus Emergency Supplemental Funding | CARES Act | Public Safety Response Supplies | 59,184 |
| State of Michigan | First Responder Hazard Pay Program (FRHPPP) | CARES Act | \$1000 Hazard Pay Bonus First Responders | 215,000 |
| State of Michigan | Public Safety and Public Health Reimbursement Program (PS Round 1) | CARES Act | Reimburse Public Safety for April & May | 5,048,828 |
| State of Michigan | Public Safety and Public Health Reimbursement Program (PS Round 2) | CARES Act | Reimburse Public Safety for June & July | Approximately \$5 million |
| State of Michigan | EGLE Water & Wastewater Assistance Program | CARES Act | Reimburse eligible households for arrearages and fees | Unknown |

The U.S. Department of Justice Coronavirus Emergency Supplemental Funding (CESF) Program will provide funding to assist eligible states, local units of government, and tribes in preventing, preparing for, and responding to the coronavirus. The City has been allocated \$59,184, and application for the

grant has been made to cover costs of personal protective equipment for Police.

The State of Michigan First Responder Hazard Pay Premiums Program (FRHPPP) covers the cost of providing \$1,000 hazard pay bonuses to all Firefighters and Law Enforcement Officers. The City must pay these bonuses by September 30, 2020 and will be reimbursed by November 14, 2020.

The State of Michigan Public Safety and Public Health Payroll Reimbursement Program (PSPHPR) was created to reimburse for eligible public safety and public health payroll expenditures. Round One provides reimbursement for April and May 2020 public safety and public health payroll expenditures. Round Two will provide reimbursement for June and July public safety and public health payroll expenditures, to the extent that funding is available.

The EGLE Water & Wastewater Assistance Program provides for the reimbursement of water and wastewater arrearages of up to \$700 for eligible residents. The residents must participate in the Supplemental Nutrition Assistance Program (SNAP) to be eligible for this program. Residents will be prequalified by community action agencies, who will coordinate the process of drawing down funds and remitting them to water and wastewater service suppliers. In order to participate, the City must opt in to the program, commit to not shut off water to participants for 90 days after they receive assistance, and provide a credit of 25% of the amount billed through December 1, 2020.
