Resolution to Direct the City Administrator to Create a Temporary Child Care Benefit for City of Ann Arbor Employees, and to Appropriate Funds (\$580,000) for the Child Care Benefit **(8 Votes Required)**

This resolution directs the City Administrator to create a child care benefit for employees to use this fall to help them secure child care while their children are at home and while employees are working from home. The City has received numerous requests from employees for assistance in balancing their parenting responsibilities with their work responsibilities, with many parents feeling overwhelmed by the effects of the Covid-19 pandemic.

In addition, the federal government approved a new paid 12-week FMLA benefit this spring for which most city employees are eligible. This benefit guarantees employees ten weeks of paid time off for pandemic related reasons-including child care and home schooling-at 2/3rds of their normal rate of pay. Absent some kind of child care benefit, we believe a number of employees may utilize this paid FMLA option which could potentially create operational issues within various city departments.

The City of Ann Arbor has strived to be a "work place of choice" for the talented and motivated professionals in our region. Recognizing that the City may never be truly competitive with the private sector in terms of wages, we have made it a priority to become a workplace that offers attractive benefits, a positive workplace culture, and workplace that is supportive of families and work-life balance.

With this in mind, the staff is recommending the creation of a temporary Child Care Benefit in the amount of \$500 per month to assist employees with procuring child care and/or homeschooling services. The benefit would be provided as a reimbursement, and the city would reimburse contracted child care services that are being provided by someone other than an immediate family member. Employees would be eligible for the benefit only if they do not utilize the new FMLA benefit or are otherwise not on some form of extended leave during the calendar month in which they are seeking reimbursement. For now the program would be in effect for the months of September,

October, November, and December. The City will evaluate the program, the state of the pandemic, and the status of schooling at that time and make a recommendation to Council as to whether the program should continue or not.

For the above stated reasons, staff recommends the adoption of the program and the allocation of budget funds to pay for it.

Whereas, The COVID-19 pandemic has altered the way of life of nearly every person on the planet, upending economies, familial responsibilities, and community relations;

Whereas, The City of Ann Arbor is not exception, with many of our employees working from home, or essential employees working in the field, under less than ideal circumstances;

Whereas, As many schools have moved to virtual learning, many of our employees have the double task of caring for children who are at home while also trying to work a full day for the City;

Whereas, Our employees have performed astonishingly well under these circumstances and deserve commendation and accolades for the work they have done to maintain the integrity of this government and the essential services it provides for our community;

Whereas, The stress of the pandemic, and working situation for our employees, cannot go on unabated;

Whereas, We have heard from numerous employees who are concerned about their child caring responsibilities this fall as schools remain in a virtual learning environment;

Whereas, Creating a safe, empowering, healthy work environment for City employees is the foundation of the success of this city government, and a critical need during this pandemic;

RESOLVED, That the Council of the City of Ann Arbor directs the City Administrator to create a Child Care Benefit program for City employees so they may continue their high level of performance on behalf of this community;

RESOLVED, That City Council appropriate funds up to the amounts listed in the table below to the FY21 budget of each fund with the source of funding as a use of Fund Balance from each fund (\$558,000), reimbursement from the Ann Arbor Housing Commission (\$18,000) and reimbursement from the Downtown Development Authority (\$4,000) for the purpose of the Child Care Benefit program; and
