Resolution to Approve and Accept a Grant from Washtenaw County Government for Assistance of Acquisition of New High-Speed Voting Equipment and Appropriate Funding (\$15,000) **(8 Votes Required)**

The City Clerk's Office has been notified by the Washtenaw County Clerk that they are providing partial funding opportunities for local municipalities within Washtenaw County to procure additional voting equipment, including high-speed equipment and/or additional tabulators. \$15,000 is being offered to Ann Arbor for the purchase of high-speed equipment. The City Clerk's Office recently received approval from City Council for the purchase of this equipment and is seeking approval for the additional grant funds to further offset the cost.

Over time, the acquisition of the high-speed equipment is expected to reduce labor costs and time for counting ballots. The August Primary saw a record high of 75 election inspectors in the counting boards, in order to manage the number of ballots received and the time to process them through traditional tabulators. The high-speed equipment will allow for another record number of ballots with more efficient tabulation.
