### Resolution to Revise and Amend List of Approved Participating Establishments in the Main Street Social District

In 2020, the State Legislature amended section 551 of Public Act 58 of 1998 to create the Social District program. This program allows municipalities to designate a common area where license-holding establishments may share space to serve alcoholic beverages to patrons and the patrons may move freely within that space while consuming alcoholic beverages.

At the Council meeting on August 16, 2021, City Council adopted resolution R-21-321, which approved the creation of a social district in the Main Street area. Pursuant to this resolution, the City sought an application from the State of Michigan to create the district. In addition, each license holder in the district who wants to participate must seek application from the State with a resolution affixed from Council that approves of their individual applications. At the Council meeting on October 4, 2021, the Council adopted resolution R-21-374, providing the original list of Main Street Ann Arbor liquor licensees eligible for a social district permit.

This resolution revises and amends the original list to reflect new Main Street Ann Arbor businesses eligible for a social district permit and provides permission for each license holder in the district so they may apply to the MLCC.
