Resolution Accepting Easement for a Variable Width Water Main Easement from the Public Schools of the City of Ann Arbor **(8 Votes Required)**

There is a resolution before you to accept an easement for a variable width water main from the Public Schools of the City of Ann Arbor, a public body corporate organized and existing under the Michigan Revised School Code, for a water main constructed on the Angell Elementary School property.

This construction was to add a new fire hydrant to the existing water main on School property. An easement was granted to the City for the existing water main and approved by Council Resolution R-318-7-07 on July 2, 2007.

This easement will vacate that prior grant and replace it with this revised description, which includes the fire hydrant and the existing water main.

The easement is in standard form and conveyed without cost to the City.

Acceptance of the easement is recommended.
