The Madison on Main Design Review II - A revised design for a new 7-story residential building with retail use at the ground floor, including a parking garage, to be located at 600 S. Main St. Exterior materials continue to include a street-level stone “base”, a brick “main body” and metal panel “top”. Revisions have been made to further compliment the neighborhood to the west and the surrounding developments, still providing traditional architectural values and pedestrian scaling. The original design was reviewed by the Board on March 18, 2015. (Ward 5)
