Where a capital improvement project is only partly funded by the City, the amount of funds allocated for public art shall be 1% of that portion of the project that is City-funded, up to a maximum of \$250,000.00 per project. All appropriations for capital improvements falling within the provisions of this chapter shall be deemed to include funding to implement the requirements of this subsection (1). Where the terms of the grant do not forbid it, the grant application shall include a request for public art funds in the same amount as for eCity-funded projects under the terms of this chapter. If a grant does not include funds specifically earmarked for public art, any grant funds received shall be used to fulfill the public art requirements of this chapter, unless such use is prohibited by the terms of the grant.

(3) A capital improvement project funded by special assessments or improvement charges is not subject to the requirements of subsection (1) of this section.

(4) The requirements of subsection (1) of this section shall not apply to a capital improvement project or to a portion of a capital improvement project funded with funds that do not permit an expenditure for public art, whether by law or by restrictions placed by the source of the funding, and the requirements of subsection (1) shall be subject to any other restrictions imposed by law or by the source of the funding.
