I have contacted the churches and to my knowledge they do not have any objections, as long as the route is the same as last year.

Thanks, Frances!

I will ask the portable toilet company to deliver as late as possible on Friday evening and pick up as early as possible on Monday morning.

We will be setting up a stage at the very end of Maynard, right in front of William encouraging participants to hang out in that area rather than on the sidewalks.

Thanks so much for your support!

Be fit, be well, and keep smiling,

Hello,

The State Street District is happy to have the Goddess Run again in our neighborhood. As The District is not a permit holder for the event we would like to note that we are not responsible for any licenses or permits needed by Epic Races to host the event or any of its actives. The District is expecting that Epic Races will work with the City of Ann Arbor and follow all regulations and rules for securing all licenses/permits in the proper manner.

The District support is also limited to the use of only public space controlled and permitted by the City of Ann Arbor. The District does not support the use of any privately owned property without the permission of its owners.

In addition, we would like the placement of the porte-johns located on our sidewalks to be within an acceptable timeframe of the race. Preferably after 5pm on Friday and before 6am on Monday.

If you have any questions, please feel free to contact me at any time to discuss the matter.

Best,
Frances
