Hi,

I'm writing as a resident who lives close to The George. I have lived in this area since 1992 when The George used to be a small shopping center with a wonderful collection of stores. I am writing to urge you not to convert the first floor of the building to 42 additional housing units. I would like to see retail stores return to this area, as were originally intended for that space. It was a walkable, delightful neighborhood hub.

Thank you,

Caryn Shapiro
