THE DEVELOPER HEREBY AGREES:

(P-1) To prepare and submit to the CITY for approval plans and specifications ("the Plans") prepared by a registered professional engineer for construction of public water and sanitary sewer mains, public and private storm water management systems and sidewalks ("the Improvements") provided that no work on said Improvements shall be commenced until the Plans have been approved by the City Administrator or designee, and until such other relevant information to CITY service areas as shall be reasonably required has been provided.

(P-2) To construct all Improvements set forth in Paragraph P-1 of this Agreement in accordance with the approved Plans and to repair all defects in the Improvements that occur within one year from the date of acceptance of the Improvements by the CITY, commencing on the latest date of the acceptance of any Improvements by the CITY. Snow and ice shall be removed within 24 hours of accumulation. Additionally, the Developer agrees to plow into their parcel from Lambeth Drive, without depositing snow in the public right-of-way, consistent with state law. The emergency access drive shall only be used for emergency vehicles, by other vehicles if the CITY determines that there is an emergency, and for the maintenance of the access drive, and the gate shall be closed as soon as possible after any such use. This requirement shall be included by the DEVELOPER in the master deed.

(P-10) To cause to be maintained General Liability Insurance and Property Damage Insurance in the minimum amount of \$1,000,000.00 per occurrence and naming the CITY as an additional insured to protect and indemnify the CITY against any claims for damage due to public use of the public Improvement(s) in the development prior to final written acceptance of the public Improvement(s) by the CITY. Evidence of such insurance shall be produced prior to any construction of Improvement and a copy filed with the City Clerk's Office and shall remain in full force and effect during construction of the public Improvement(s) and until notice of acceptance by the CITY of the Improvements.

The City Administrator may authorize the DEVELOPER to install the street trees if planted in accordance with CITY standards and specifications. Provisions for maintenance and responsibility for the storm water management system, as well as the pro rata share of each condominium unit shall be included by the DEVELOPER in the master deed.
