Subject: Moravian

Thanks for an opportunity to weigh in regarding
the Moravian PUD. As a long-term (20 years) resident of

Fourth Avenue (445 South Fourth), I strongly oppose the plan because the scope of the project is not in keeping with the neighborhood and will have a noticeable and negative impact on parking and safety. Down the line, this type of development will discourage any families like ours from even considering living close to downtown. Finally, although my name was included among supporters of the Moravian, that is simply in error. I can't imagine how someone who supports historical preservation and values this neighborhood could think that a development the size of the proposed Moravian would be appropriate at this location. Please include this message with the packet of materials distributed prior to the upcoming meeting.

Respectfully,

Cathleen Connell
445 South Fourth Avenue
