Dear Partner Program,

We are pleased to share a summary of Food Gatherers' services to your program during the fiscal year ending June 30, 2014. We have included a definition sheet that will help explain some of the terminology used in the report. If your organization has more than one program or location, you will have a combined report as well as the individual reports for each program/location.

Please take a moment to review these documents and let us know if you have any questions about the content or accuracy of the data. This information has also been shared with your organization via email to the primary program contact.

Please share widely with staff, volunteers and fellow board members. We would also appreciate your listing our financial and in-kind support in your annual report or relevant newsletters.

Thank you for fighting hunger where we live,

Eileen Spring
