CC COMMUNICATIONS FROM COUNCIL

COUNCILMEMBER KUNSELMAN

Councilmember Kunselman updated Council on the TNC issue and the effects on the taxi cab industry in Ann Arbor, noting that licensed taxis have decreased this year, as companies have converted to limo business, as opposed to licensed taxi cabs. Councilmember Kunselman also noted that a traffic control order has been approved to allow commercial loading zones to be used for taxi stands during peak evening hours. New signage is in place at the affected loading zones.

Councilmember Kunselman also inquired if the Sidewalk millage funds could be used to improve sidewalks along Huron Parkway.

COUNCILMEMBER WESTPHAL

Councilmember Westphal informed Council that he plans to introduce ballot language to revise the City's election process for City Councilmembers. He stated Ann Arbor is one of only three partisan cities in the State and one of about 50 using two-year terms. He provided Councilmembers with data regarding the costs of local elections and the voter participation numbers in odd and even years, as well as August and November. Councilmember Westphal stated he plans to have ballot language ready for Council by the second meeting in July, with a Charter amendment on the November ballot.

COUNCILMEMBER LUMM

Councilmember Lumm stated she met with Councilmember Westphal to discuss

election reform and she plans to bring forward a proposal to amend the City Charter in November as well. Her proposal would include a transition to non-partisan elections. Councilmember Lumm stated she will also be presenting her proposal at the second meeting in July.

COUNCILMEMBER ANGLIN

Councilmember Anglin updated Council regarding the Women's Farm and Garden event over the weekend, stating it was a great success despite the weather. He noted that this type of volunteerism is what makes Ann Arbor special.

COUNCILMEMBER EATON

Councilmember Eaton spoke about a white paper that was released on June 8 regarding a proposed floodplain ordinance. He stated the City needs to pay attention to its watershed, stating he plans to bring the proposed ordinance to Council at the first meeting in July.

Attachments: B2B Fuller Maiden REVISED Map 060515, Border to Border Map, pac resolution 8.2011.pdf, substitute resolution for B2B trail, DC-1 Grand proposed Substitute Amendment - Withdrawn

A motion was made by Councilmember Grand, seconded by Councilmember Briere, that the resolution be amended as follows:

Approved Substitute Resolution:

Whereas, The completion of a trail system along the Huron River valley through the string of city parks from Gallup to Barton has been master planned in the Ann Arbor Parks and Recreation Open Space (PROS) plans for decades, and the Ann Arbor river trail is now a major section of the Border-to-Border (B2B) Trail through Washtenaw County, which connects to the state-wide Iron Belle Trail, which also connects to the nation-wide North Country National Scenic Trail;

Whereas, Three trail gaps still exist, including the central section gap that requires trail users to cross one of the busiest intersections within the city at Fuller and Maiden Lane;

Whereas, The Fuller and Maiden Lane intersection is also a vital link between north and south campuses and the volume of pedestrians and bikers crossing this intersection is among the highest within the city;

Whereas, The intersection is a vital link to the hospital and vehicle traffic volume is also among the highest in the city and projected to grow necessitating improved options for safe non-motorized travel in the area;

Whereas, Non-motorized travel improvements at this intersection would maximize the benefits across three separate demographic groups: students, hospital staff and recreational users;

Whereas, The city has been studying ways to improve this intersection for over

a decade;

Whereas, Facilitating non-motorized travel supports the city goals of reducing the city carbon footprint, increasing sustainability, improving non-motorized transportation, including bicycling, walking, and wheel chair travel;

Whereas, An attractive and well-designed greenway trail along the Huron is a major recreational park amenity accessible to many users of all ages and abilities;

Whereas, Of the three incomplete sections of the B2B Trail in Ann Arbor, the congested central section has the greatest use and would provide greatly improved access and safety for non-motorized users as well as improving conditions for vehicular traffic;

Whereas, Major improvements continue to be made to the B2B Trail throughout Washtenaw County, including the University of Michigan's recent planned trail connection to Matthaei Botanical Gardens;

Whereas, The existing Maiden Lane, Fuller and E. Medical Center bridges were originally constructed to accommodate paved underpass pathways; and

Whereas, The Park Advisory Commission has expressed interest in creating a subcommittee to better understand gaps in the Border-to-Border Trail in order to prioritize investment in potential connections as part of the needed update to the Parks Recreation, and Open Space (PROS) Plan;

RESOLVED, That City Council directs the City Administrator to:

1) develop a design, in consultation with PAC and the Commission on Disability Issues, that will facilitate safe bicycle, pedestrian and wheelchair access through and/or around the intersections, crossing lanes, and driveways as well as on and off road bike lanes on Fuller Road, Maiden Lane and Medical Center Drive and identify elements suitable for near-term construction, and

2) establish the costs for constructing this section of the B2B Trail system; seek funding opportunities through discussion with the University of Michigan; and apply for appropriate grants to the Washtenaw County Parks & Recreation Commission and the State of Michigan, and

3) complete improvements to the Border to Border trail prior to, or concurrently with any improvements to the intersection of Fuller, Maiden Lane and Medical Center Drive; and

RESOLVED, That any future construction projects adjacent to the B2B Trail system maintain or enhance its continuity once the project is completed.

Resolution to Establish Speed Limits no Greater than 25 mph throughout Near-Downtown Residential Neighborhoods

Sponsors: Anglin and Eaton

A motion was made by Councilmember Warpehoski, seconded by Councilmember Eaton, that the Resolution be amended as follows:

New Substitute Resolution:

Whereas, As part of it's Vision Zero initiative to eliminate pedestrian deaths from traffic accidents, the City of New York has set a local speed limit of 25 miles per hour or lower for all streets other than limited-access highways or major arterials;

Whereas, The Federal Highway Administration publication Methods and Practices for Setting Speed Limits notes that "Adjustments for roadway factors may reduce the 85th percentile speed by as much as 10 mph (16 km/h) below the 85th percentile speed based on sound and generally accepted engineering judgment," including "horizontal and vertical curves," "driveways with restricted visibility" and "high driveway density," and others;

Whereas, Speed limit changes alone have a marginal impact in changing motorist behavior and are best paired with road engineering that promotes save driving speeds;

Whereas, In 2011 the City of Ann Arbor declared its commitment to complete streets in Resolution R-11-088;

RESOLVED, That the City Administrator is directed to establish speed limits of no higher than 25 miles per hour for all local streets;

RESOLVED, that the City Administrator shall set the speeds of arterial and collector streets at the lower of the access point formula set in the State of Michigan Motor Vehicle Code or identified by a traffic study, except in such cases as a traffic study indicates compelling evidence for the need of a higher speed to improve safety;

RESOLVED, That implementation of speed limit changes shall be phased in based on road maintenance, documented safety hazards, or a resident petition under the requirements of the Ann Arbor Traffic Calming program;

RESOLVED, City Council directs the Administrator to determine if changes should be made in the city's road design guidelines to improve pedestrian safety;

RESOLVED, That the City Administrator be authorized to take the necessary administrative actions to implement this resolution.

On a voice vote, the Mayor declared the motion carried.

This item was referred back to staff to provide more information regarding the proposed streets to be impacted in the downtown neighborhoods.

A motion was made by Councilmember Eaton, seconded by Councilmember Briere, that the Resolution be postponed until 8/17/15 to allow time for additional staff input. On a voice vote, the Mayor declared the motion carried.
