**Subject:** TC1 -- Transparency needed at CPC ORC meeting tomorrow

Dear Stephen Postema and Mayor Taylor,

Many residents have expressed concern that TC1 was approved without first updating the Comprehensive Plan, and now TC1 is on Tuesday's agenda to expand the area for 300 foot tall buildings and minimize the distance from Residential.

Residents are concerned which property owners will benefit from expansion of TC1 and preliminary data is pointing to Mayor Taylor's campaign donors, including Oxford Housing.

Is there a way that Brett Lenart or the appropriate staff member can press "Record" in Tuesday's Zoom session and add this meeting to CTN on YouTube?

Would you agree that these important changes to benefit wealthy developers should not be snuck past the residents without transparency and access to the meetings where the giveaway is being planned?

Please use the 21st century technology available to us to improve transparency. Do not have your legacies continue to be one of secrecy and privileged and confidential information.
