Subject: Approve Special Exception for 1919 Wayne Street

Dear City Planning Commission,

Please approve the Special Exception for the sale of 1919 Wayne. There are only positive results to come from this approval.

This group functions more as a family than most traditional families I know. They cooperate and collaborate to uphold a peaceful and productive home life. They create a deliberate sense of community that is more reliable than a traditional family. They set high expectations, make compromises, and work as a team. Their maturity and concern for the common good assures this successful community living. They are all highly educated, of the highest integrity, who live to serve others. No one could ask for better neighbors.

Neighborhoods thrive when residents create, support, and model a strong community. Let the Oxbridge neighborhood benefit from this exemplary group of residents. Let the voice of reason be heard and approve this Special Exception.

Respectfully,
Shawn O. Ricoy
2705 Colony Rd
Ann Arbor, MI 48104
