Subject: 530 N Division Proposal

Hello,

I hope you are well. I am writing regarding the proposed construction project on 530 N Division St. I am a medical student at Michigan and I am working during the public hearing, so I am writing in advance to have my comments heard.

I am concerned about this construction project given it will cause a lot of sound and worsen the air quality. There are a lot of medical students in this area, and we have to work long hours, night shifts, etc - so we have to sleep during the day sometimes or sneak in naps when we can. I worry about the noise disturbance a construction project would cause. There is currently a lot of construction at the hospital right now which I walk past every day, so I am also not thrilled about the idea of having more destruction to the air quality around me.

I know these concerns might not mean a lot given I am one individual, but it would really impact daily life for me and my roommate (also med student) at least.

I appreciate you taking time to hear these concerns! Thanks so much.

Gratefully,  
Gabiella Auchus
