XII. REMEDIES

- A. This Agreement does not, and is not intended to, impair, divest, delegate or contravene any constitutional, statutory and/or other legal right, privilege, power, obligation, duty or immunity of the Parties.
- B. However, if any provision of this Agreement or the application of any provision to any party or circumstance will be prohibited by or invalid under applicable law, that provision will be ineffective to the extent of the prohibition or invalidity without invalidating the remainder of the provisions of this Agreement or the application of the provision to other parties and circumstances.

The Contractor, at times, may need to simultaneously work with several City staff members on multiple assignments.

Services needed will vary from assignment to assignment but will typically include:

1. Coordinating acquisition process with City Contact(s) and the City Attorney's Office to ensure compliance with City requirements and all other funding requirements.
2. Working with the City Contact(s) to determine needed easements and rights of way including desired widths and lengths of same, and whether temporary or permanent acquisition is required.
3. Preparing a cost estimate for the services needed for that particular project as well as a projected timeline for acquisition.
4. Ordering title work (to be paid for by the City) upon request, researching and obtaining records of property ownership, mortgage interests, or encumbrances through public databases, requests to property owners, or other means, and performing preliminary review of same to determine required signatories.
5. Providing appraisals as required to determine value of easement or right of way; this work may be subcontracted if your firm does not have qualified in-house staff.
6. Contacting the property owner(s) by mail or phone to make an appointment to meet.

9. Preparing draft documents needed for the acquisition utilizing standard City language for the type of acquisition.
10. Surveying of proposed easement/right of way areas and preparing needed legal descriptions and survey exhibit drawings may be requested when City surveying scheduling does not permit timely in-house performance of these services. Such services, when requested, must be performed under the supervision of a Professional Surveyor licensed in the State of Michigan. Surveys and legal description prepared by your firm shall also be submitted to the City's Professional Surveyor for review prior to submitting draft documents to the City Attorney's Office (as set forth below).

11. Submitting the draft document for review and approval by the City Attorney's office prior to seeking property owner signature.
12. Negotiating, securing, and notarizing property owner signature(s).

16. Obtaining necessary consents from, e.g., mortgage interest holders.
17. Providing a log of communications, and copies of correspondence including letters and emails, for each parcel for projects receiving federal funding.

The Contractor understands that this an as-needed scope of services and that there is no guarantee, or implied promise of any nature, that any easement or right of way acquisition work at all will be authorized, and that the City is under no obligation to authorize any such work.
