Thank you for taking the time to reconsider! I second Francis Mills' comments and questions. I appreciate your effort to balance the huge amount of change we have experienced in regards to home and work. Thank you!

Francis Mills

Thank you for having the courage to reconsider this question. I support reconsideration and postponement.

Also, I appreciate you for being receptive to the 20 persons who spoke last week in support of "treating metal working like wood working." I/they seek an amendment to have "machine shops/metal working" removed from the list of prohibited Home Occupations.

Questions for 4/20:

1. When will a recording of the Planning Commission's Special Meeting on 4/13 be made available?
- 2.. Could Planning Commissioners with questions or concerns about protecting Home Machine Shops please speak up during discussions on 4/20 so that members of the public can more effectively structure our comments and suggestions, when the issue is back on the agenda.
- 3.. How do Commissioners feel about supporting amendments to:
 - a. strike article "4.h. Machine shop/metal working" from the proposed language
 - b. add "Home Machine Shop" to the list of enumerated protected home occupations
