From: MING HOI YANG [REDACTED]
Sent: Thursday, November 04, 2010 10:19 PM
To: [REDACTED]
Subject: [POSSIBLE SPAM] Request from Heng Seng
Importance: Low

I would like you to keep this proposal as a top secret and delete it if you are not interested and get back to me if you are interested for details as regards to the transfer of \$24,500,000 to you. this money initially belongs to a client who died and had no next of kin in his account-opening package. in other to achieve this, I shall require your full name, and telephone number to reach you. Most importantly, a confirmation of acceptance from you after which I shall furnish you with the full details of this transaction

Reply via this email only [REDACTED]

regards,
Mr Ming Yang

Good Evening!

As of tonight the street lights are not back on in our neighborhood. Everyone is so excited. I'm hoping that we can have them back before Daylight Savings?

Thanks so much for all your efforts on all of our behalf!

My best,
Heather Gold

>> Cc: Taylor, Christopher (Council)
>> Subject: Street Lights

>>> Mayor Hieftje,
>>> I am a resident in the Bryant-Pattengil neighborhood, who recently
>>> lost their street lights. My concern has deepened as we approach
>>> the winter, and it gets darker and darker earlier and earlier each
>>> night. My concern is heightened by the gross sense of hypocrisy I
>>> see each time I drive downtown to observe the new street lights on
>>> Stadium, or the clean new bike paths on Hill St. Where I might
>>> have once been happy for these important civic expenses, I am now
>>> frustrated that the safety of our children is second to these
>>> expenditures.

>>> I am a citizen who faithfully approves all city millages, and
>>> realizes that, whether something directly impacts me, or no, it can
>>> still be a positive thing for Ann Arbor. However, I am shocked to
>>> see that the city has taken away, with the lights, something that
>>> directly affects the safety of its neighborhoods without so much as
>>> a thought for its citizens. I feel as though I have been shut out
>>> of the decision making process. Your neighborhoods support the
>>> city--we are the city. The government of Ann Arbor is only as
>>> powerful as the people who vote it in.

>>> I am a saddened resident, wondering and hoping for any words of
>>> advice, or encouragement. Why are our children, the Tappan kids,
>>> supposed to walk home in the dark? I am a biker, but I would give
>>> up my bike lanes for one more light to be turned on. Could you not
>>> also ask each resident in this city for one more dollar in their
>>> taxes in order to gain the 120,000 you are saving? Is there not a
>>> more honest and upfront way of confronting this situation? I say
>>> honest, as I feel further frustrated after the meeting you held
>>> with us, where we found out that this pilot is really not a pilot,
>>> but just a first phase. And when does the second phase start?

>>> I intend to write many letters to AnnArbor.com, as well as do other
>>> people in my neighborhood. We want other neighborhoods to know
>>> what will soon be happening to them. However, if there is a more
>>> constructive way of addressing our fears, please let me know. I
>>> voted for you, and have supported you all these years, but these
>>> latest actions are souring me toward the city that I love.

>>> Regards,
>>> Heather Gold

Increase your contribution just by donating online!

We wanted to share with you some great news about our fundraising efforts!

As you know, the cost of postage is rising, even as online sales become more and more the norm. Performance Network now communicates a good deal through email (like now!) and offers a secure donation feature through our website.

You may not have donated online in the past, but we have a donor who wants to change all that, so they're adding a little incentive. **For every online donation made (per donor) between now and Thanksgiving, they'll add \$10 to your gift - just for donating online!**

Donating online is easy and fast, saves a stamp and ultimately benefits everyone. Why not give it a try today?

P.S. Want to hear more about the great things that PNT is up to? Read our Annual Appeal letter.

World music tour with Guy Louis

November 20, 1pm
Adults - \$10, Kids - \$7

A multicultural musical adventure! You will see an impressive collection of instruments on display including a European Renaissance Lute, a Sitar, Tamboura, Tabla Drums from India, a Native American Drum, a wide variety of African percussion instruments and an electric guitar as we travel across the world. As questions and group dynamics are encouraged we will explore ideas of world interaction and cooperation in a positive and exciting future. Appropriate for all ages!

Tickets available at 734-663-0681.

We wanted to share with you some great news about our fundraising efforts!

As you know, the cost of postage is rising, even as online sales become more and more the norm. Performance Network now communicates a good deal through email (like now!) and offers a secure donation feature through our website.

You may not have donated online in the past, but we have a donor who wants to change all that, so they're adding a little incentive. **For every online donation made (per donor) between now and Thanksgiving, they'll add \$10 to your gift - just for donating online!**

Donating online is easy and fast, saves a stamp and ultimately benefits everyone. **Why not give it a try today?**

P.S. Want to hear more about the great things that PNT is up to? **Read our Annual Appeal letter.**

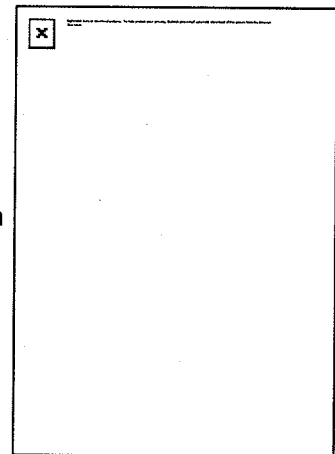

World music tour with Guy Louis

November 20, 1pm
Adults - \$10, Kids - \$7

A multicultural musical adventure! You will see an impressive collection of instruments on display including a European Renaissance Lute, a Sitar, Tamboura, Tabla Drums from India, a Native American Drum, a wide variety of African percussion instruments and an electric guitar as we travel across the world. As questions and group dynamics are encouraged we will explore ideas of world interaction and cooperation in a positive and exciting future. Appropriate for all ages!

Tickets available at 734-663-0681.

Subject: RE: Long Response Time to Home Invasion

Ms. Merlis,

My name is Ed Dreslinski and I am the Sergeant in charge of the communications section for the Ann Arbor Police. I have been forwarded your e-mail and your concern with the response of the Ann Arbor Police Department to your daughter's Home Invasion that occurred on October 26, 2010.

I have listened to the audio recording of when your daughter called in and spoke with the dispatcher. In the recording your daughter can be heard indicating she was already in the house and was going through the house to determine what, if anything was taken. She indicated that the time of occurrence was between 0500 and 1713 hours (when she called). This dispatcher tells her very clearly not to touch anything or clean up and that they would send someone out. When she calls back less than 30 minutes later, at 1741 hours, she inquires how long it will be and the dispatcher confirms her location. The dispatcher tells her that the next available officer will be sent and that the call is in the pending calls to alleviate her concern that she has been forgotten about.

During this time frame of the day there were only 8 officers assigned to the whole city of which only 2 were assigned to that area of the city. At 1713 hours (when your daughter called) there were only 2 units available in the city and one was in the area, the other was on the other side of the city. We need to keep officers available at almost all times to respond to emergency calls for the other approximately 150,000 residents and students in the remainder of the city. The situation was fluid over the next 1 ½ hours but no more than 2 officers were available from that time until Officer Lee was dispatched when he came on duty at 1844 hours. Officer Lee arrived at 1859 hours and took 20 minutes to take the report.

I spoke with Officer Lee and he indicated that with his decade and a half of experience he did not see any surfaces that would be conducive to taking fingerprints. He related this fact to your daughter. Ann Arbor gets an inordinate amount of Home Invasions per capita due to the transient nature and lack of security mindedness of the students. Surprising to most is that our closure rate on these property crimes is above average. Ann Arbor officers have been leading the State of Michigan for years in crime rate closures for cities of comparable size and one instances of a non-emergent situation should not taint the good work done on a consistent basis.

While being a victim of a Home Invasion gives your daughter a sense of being violated, which I understand as I have been a victim of a Home Invasion as well, the priority of a Home Invasion that occurred sometime in the past 12 hours in which the homeowner has already been through the residence is not very high. As soon as an Officer was available to handle the complaint he was dispatched and arrived in 15 minutes from the far south of the city. During the time from when your daughter called until Officer Lee was dispatched there were 44 911 calls made into our center ranging from Home Invasions believed to have just occurred to CPR in progress on a male.

I do believe that this could have been handled better. After one hour your daughter should have received a phone call indicating that officers were tied up and inquired if the status has changed. I will speak to the dispatcher to ensure that phone call occurs in the future. I cannot take away the sense of being victimized nor am I trying to minimize that feeling. I can't expect you to agree but I do want you to understand that every effort was made to take the report from your daughter in a time frame consistent with the non-priority nature of this call.

Please feel free to contact me in the future if you or your daughter have any further concerns.

Ed Dreslinski, Sergeant

Integrating outside help into your emergency response

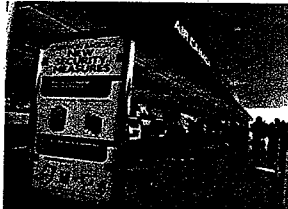

By Art C. Botterell, Homeland1 Columnist

There are two important things about a plan: The first is to have one. The second is to not take it too seriously. Now please don't misunderstand me here. Planning is crucial. It's *plans* we need to view with a bit of healthy skepticism. We've had a lot of trouble over the years with the misconception that the plan itself is the important deliverable from planning ... **Plan for the unexpected**

Subject: FW: snowplow fleet management solution

Hello Sabra,

Sorry for any confusion in the emails.

My name is Adrian Fortino, CEO of Shepherd Intelligent Systems, which is the company Andros emailed you about.

We provide fleet management GPS tracking software for public transit and municipal fleet vehicles. We had the opportunity to run what we were told was a very successful snowplow pilot project with the City of Ann Arbor earlier this year. However, we were not awarded the project with the city. I would be happy to discuss that particular situation with you if you have time.

The company has been in operation for almost two years and we have fleet customers currently operating in three states (MI, OH & IN).

Our company is headquartered in Ann Arbor at 1327 Jones Drive, Suite 106. We currently have 7 employees (5 of which are Ann Arbor residents).

Again, I would be happy to talk or meet with you to discuss our company when you are available.

Thank You,

Adrian Fortino
