Re: Ann Street ( 5<sup>th</sup> to Division) One way Conversion

Dear Ann Street Resident:

Prior to the upcoming construction activities on the City Hall site it is planned that Ann Street be converted to one-way (eastbound). This change will be coupled with the addition of angle parking on the south curblin to increase available public parking. The conceptual plan is shown in the attached figure.

The change, although likely to have minor impacts is compatible with the existing street network. It continues the one way portion west of Division Street and couples well with the one way westbound segment of Catherine Street to the north.

The resolution to make the change will be before city council at the October 20,2008 meeting. In order to perform the work under favorable conditions it is anticipated to be complete on November 2, 2008. Construction activities will begin in February / March of 2009.

Please contact me via email at [pcawley@A2gov.org](mailto:pcawley@A2gov.org) or call me at 994-6095 if you have any questions.

Sincerely,

Patrick Cawley, PE, PTOE  
Sr. Project Manager

C: John Hieftje, Mayor  
Sabra Briere, City Council  
Ronald Suarez, City Council  
Roger W. Fraser, City Administrator  
Sue F. McCormick, Public Services Administrator  
Homayoon Pirooz, PE, Project Management Unit Manager
