F PRESENTATIONS

G REGULAR BUSINESS (AGENDA ITEMS)

producer only questions

For next meeting, define what we DON'T want; develop a checklist
of all components that could be relevant - using own
tools/machinery, land leases, tasks. Also come up with guidelines

**for honey, maple syrup, chocolate, spice, dairy, prepared foods.
Best practice vs minimum practice. Consider what is the
responsibility of current vendors vs new applicants.**

producer only guideline recommendations

H NEW BUSINESS (NON-AGENDA ITEMS)

**Added to agenda - priorities for the next year. Winterization; passing
down stalls/seniority transfer process; morning stall assignment
process; parking; process for how to handle unassigned stalls after
Stall Moveup**

I REPORTS

Market Manager Report

Received and Filed

J SECOND PUBLIC COMMENT (NOT LIMITED TO AGENDA ITEMS)

**Jay Jermo, honey vendor - In regard to the checklist for level of
"producer only" re honey - hive management takes the most time.
Extraction takes less time, and doing your own vs having someone
else do it depends on scale of production.**

**Kathy Buell, honey vendor - Concerned about the Transfer of
Seniority process, and how her own transfer, and the name change
of Superbee Apiaries to Hey Honey, were handled.**

**Greg Buell, beekeeper - The market needs to look at the level of
production during an inspection vs the amount of product a vendor
brings to market, to make sure they match**
