I. QUESTIONS AND ANSWERS

The following Questions have been received by the City. Responses are being provided in accordance with the terms of the RFP. Respondents are directed to take note in its review of the documents of the following questions and City responses as they affect work or details in other areas not specifically referenced here.

Question 1: I have read over the updated addendum and would still like further recognition of the initial question asked. Are we to bid the job, per the hazardous laborer requirements of Washtenaw County as prevailing wage hourly at \$42.30, time & a half at \$60.51 and double time at \$78.72, OR under the AA living wage act of \$12.81/hr (with health benefits) or \$14.30/hr (no benefits)? In order to bid correctly, I would like a clear understanding of the wage requirements. Please get back with me as soon as possible.

Answer 1: After internal consultation the work requested in the ITB Document does not meet "hazardous worker" designation. Contractor is responsible to ensure workers are trained and follow proper safety protocols for the work being performed.

Respondents are responsible for any conclusions that they may draw from the information contained in the Addendum
