Subject: New Potential Location for Arbors Wellness

Good Afternoon,

I wanted to write to you to show my heavy support for them opening a new location at 2460 W Stadium. This will potentially be so much more convenient for many patients instead of having to go to the middle of downtown, especially during street events where many streets are closed, like the art fair. I believe Arbors Wellness does an excellent job helping their patients and they absolutely should expand to help reach and treat even more people. Even though their current location is not the most easily accessible, I continue to go to them over other places because of the top quality level of service they provide. Thank you for taking the time to read this and your potential support in this new location.

Have a wonderful day,
Gordon Belcher
