

The Vision

Together, creating and implementing a just transition to carbon neutrality by the year 2030.

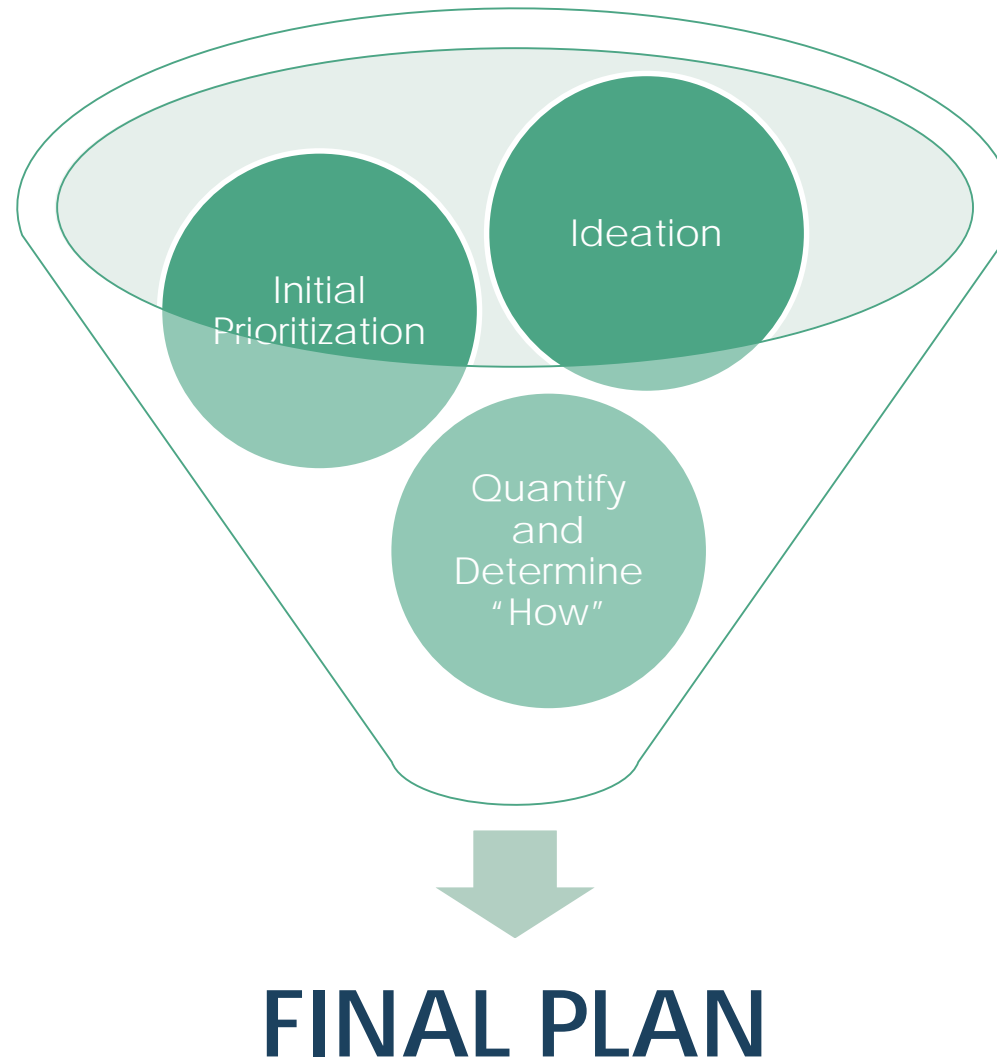

Carbon Neutrality Charge

The Process

82 working days:

- 3 Public Surveys
- Over 60 public events
- 2 large town halls
- Over 80 technical advisors
- 62 partner organizations

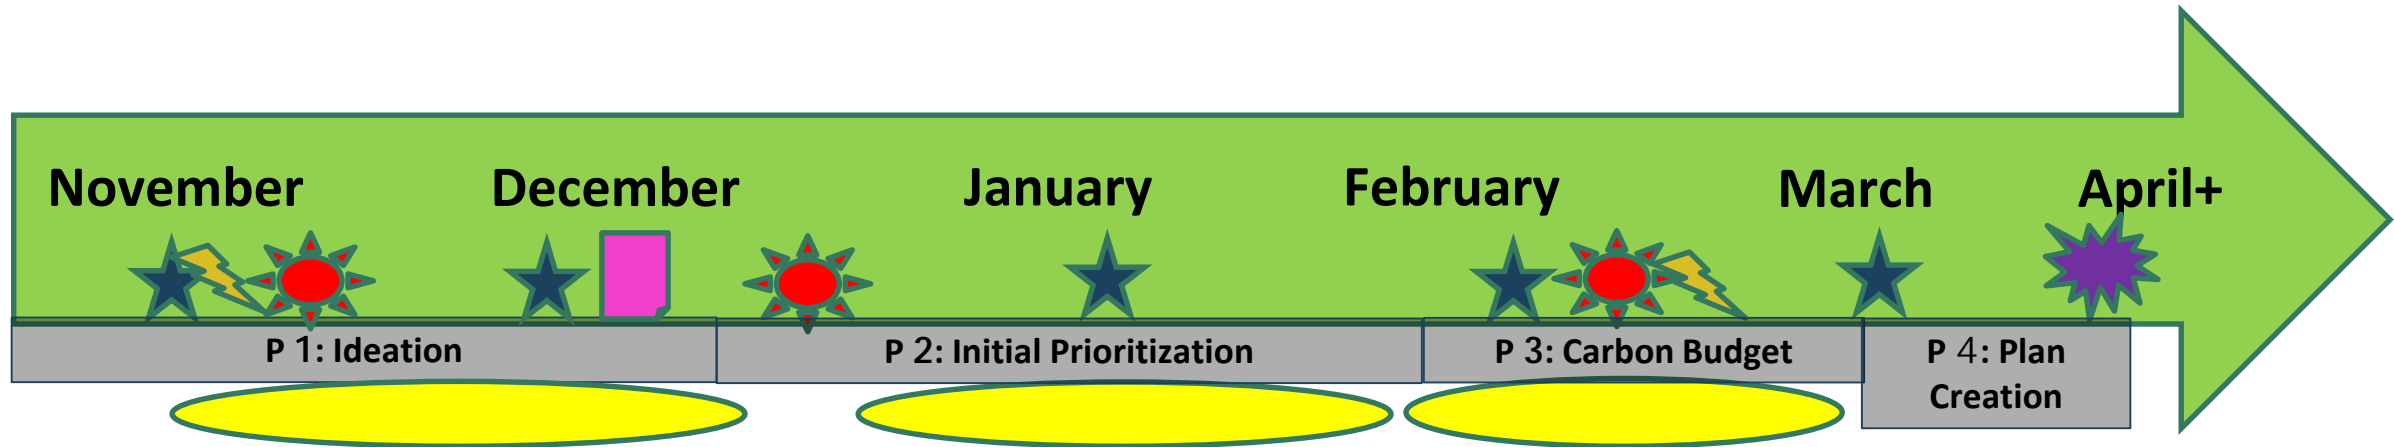

The Five Overarching Strategies

-  Powering our electrical grid with 100% clean and renewable energy
-  Reducing the miles we travel in our vehicles by at least 50%
-  Switching our appliances and vehicles from gasoline, diesel, propane, and natural gas to electric
-  Significantly improving the energy efficiency in our homes, businesses, schools, places of worship, and recreational sites
-  Significantly changing the way we use, reuse, and dispose of materials

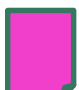

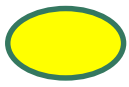

50% Reduction in Vehicle Miles Traveled

- Increased public transit service
- Better transit
- Significantly increase EV charging infrastructure
- Electrify buses, fleets, and private vehicles
- Implement the non-motorized plan
- Reset parking fare structure
- Allow duplexes, triplexes, and quadplexes by right
- Increased park and rides connected to transit
- Regional rail
- Mixed use neighborhoods

A²Zero Timeline & Work Products

-  TAC Meetings
-  Town Hall Meeting
-  Partner Meeting

-  Quantification RFP Released
-  Online and Paper Surveys
-  Plan to Council

50-60 public events

Immediate Opportunities

ANN ARBOR CARBON NEUTRALITY TOWN HALL

When

**FEBRUARY 22, 2020
12PM-5PM**

Where

**Pioneer High School
601 W. Stadium Blvd, Ann Arbor, MI 48103**

FEATURING

**TED Like Short Talks • Food Trucks • Video: From Paris to
Pittsburgh • Kids Activity Room • Visual Notetaking •
Climate 101 Session • Much More**

RSVP

Learn more at: www.a2zero.org

GOAL

A just transition to
communitywide carbon
neutrality by 2030.

PARTNERS

Over 60 local, regional,
and national
organizations.

TECHNICAL ADVISORS

Over 60 local experts.

PUBLIC

Nearly 2,000 survey
responses & 50+ public
events with hundreds of
participants.

*Join the discussion on
how we can reduce
pollution related to
energy use, mobility, and
resource consumption,
and how we can prepare
for natural disasters and
climate change.*

A²ZERO

Equitable. Sustainable. Transformative.

Together, creating and implementing a just transition to carbon neutrality by the year 2030.

The City of Ann Arbor, in partnership with our community and over 50 partners, is embarking on a quest to achieve a just transition to carbon neutrality, community-wide, by the year 2030. This incredibly ambitious goal will only be achieved when we all work together to reduce our collective footprint and enhance our overall resilience.

A²ZERO is how we'll get there, together.
