I live on Lorraine Pl. a few doors from the proposed Jesuit home on Wayne.

I wish to rebut those of my neighbors who claim that a group home of six could pose some sort of parking congestion. Even if each Jesuit had a car, there's plenty of space during the day and at night. Anyone who examines the parking area near the house can confirm that fact. The folks selling the house frequently had three vehicles there, themselves, without perturbing anyone.

This is a phony issue.
