**THE DEVELOPER HEREBY AGREES:**

(P-1) To prepare and submit to the CITY for approval plans and specifications ("the Plans") prepared by a registered professional engineer for construction of public water and sanitary sewer mains, private storm water management systems, and sidewalks, including the sidewalk segment between the site and 2608 West Liberty Street, ("the Improvements"), provided that no work on said Improvements shall be commenced until the Plans have been approved by the City Administrator or designee, and until such other relevant information to CITY service areas as shall be reasonably required has been provided.

(P-2) To construct all Improvements set forth in Paragraph P-1 of this Agreement in accordance with the approved Plans and to repair all defects in the Improvements that occur

within one year from the date of acceptance of the Improvements by the CITY, commencing on the latest date of the acceptance of any Improvements by the CITY. If the DEVELOPER fails to construct the Improvements, the CITY may send notice via first class mail to the DEVELOPER at the address listed above requiring it to commence and complete the Improvements in the notice within the time set forth in the notice. The CITY may cause the work to be completed at the expense of the DEVELOPER, if the DEVELOPER does not complete the work within the time set forth in the notice. Every owner of a portion of the property, including all owners of condominium units, shall pay a pro-rata share of the cost of the work. That portion of the cost of the work attributable to each condominium unit shall be a lien on that property and may be collected as a single tax parcel assessment as provided in Chapter 13 of the Ann Arbor City Code.

(P-3) To furnish, within 30 days of completion, an engineer's certificate that the construction of the public and private Improvements set forth in Paragraph P-1 above have been completed in accordance with the specifications of the CITY in accordance with the approved plans. (P-4) To grant easements to the CITY for water mains, sanitary sewer mains, and access for City services, as shown on the approved site plan and the final approved construction plan, subject to City Council approval. DEVELOPER shall submit legal descriptions and survey drawings for the easements prior to the request for and issuance of building permits and the easements shall be granted to the CITY in a form acceptable to the CITY Attorney. The easements must be accepted by City Council prior to the request for and issuance of any temporary or final certificate of occupancy, although easements may be accepted at a later time as determined by the CITY Public Services Area.

(P-5) To install all water mains, storm sewers, and sanitary sewers, pursuant to CITY approved plans and specifications, necessary to connect the site with existing CITY systems adjacent to the site prior to the issuance of any building permits, or at a later time as determined by the CITY Public Services Area.

(P-6) To be included in a future special assessment district, along with other benefiting property, for the construction of additional Improvements to West Liberty Street, such as street widening, storm sewers, curb and gutter, sidewalks, bike paths, street lights, and the planting of trees along West Liberty Street frontage when such Improvements are determined by the CITY to be necessary.

(P-7) To indemnify, defend and hold the CITY harmless from any claims, losses, liabilities, damages or expenses (including reasonable attorney fees) suffered or incurred by the CITY based upon or resulting from any acts or omissions of the DEVELOPER, its employees, agents, subcontractors, invitees, or licensees in the design, construction, maintenance or repair of any of the Improvements required under this Agreement and the approved site plan.

(P-8) To cause to be maintained General Liability Insurance and Property Damage Insurance in the minimum amount of \$1,000,000 per occurrence and naming the CITY as additional insured to protect and indemnify the CITY against any claims for damage due to public use of the public improvement(s) in the development prior to final written acceptance of the public improvement(s) by the CITY. Evidence of such insurance shall be produced prior to any construction of improvement and a copy filed with the City Clerk's Office and shall remain in

full force and effect during construction of the public improvement(s) and until notice of acceptance by the CITY of the Improvements.

(P-9) Existing landmark trees shown on the site plan as trees to be saved shall be maintained by the DEVELOPER or each condominium unit owner in good condition for a minimum of three years after acceptance of the public Improvements by the CITY or granting of Certificate of Occupancy. Existing landmark trees that are determined by the CITY to be dead, dying or severely damaged due to construction activity within three years after acceptance of the public Improvements or granting of Certificate of Occupancy, shall be replaced by the DEVELOPER as provided by Chapter 57 of the Ann Arbor City Code.

(P-10) To deposit, prior to any building permits being issued, a street tree planting escrow account with the Parks and Recreation Services Unit in the form of a check payable to the City of Ann Arbor. The escrow amount shall be based on the CITY policy in effect at that time. The City Administrator may authorize the DEVELOPER to install the street trees if planted in accordance with CITY standards and specifications. If the street trees are found to be acceptable by the CITY, the escrow amount will be returned to the DEVELOPER one year after the date of acceptance by the CITY.

(P-11) To construct, repair and/or adequately maintain on-site storm water management system. If the DEVELOPER fails to construct, repair and/or maintain the private storm water management system, the CITY may send notice via first class mail to the DEVELOPER at the address listed above, requiring it to commence and complete the items stated in the notice within the time set forth in the notice. The CITY may cause the work to be completed at the expense of the DEVELOPER if the DEVELOPER does not complete the work within the time set forth in the notice.

(P-12) After construction of the private on-site storm water management system, to commission an annual inspection of the system by a registered professional engineer evaluating its operation and stating required maintenance or repairs, and to provide a written copy of this evaluation to the CITY Public Services Area upon request.

(P-13) To design, construct, repair and maintain this development in accordance with the provisions of Chapter 119 (Noise Control) to ensure that any noise emanating from said development will not impact nearby residents or businesses. In addition, DEVELOPER shall review existing noise sources surrounding said development and incorporate necessary design and construction techniques to ensure that future tenants will not be exposed to noise sources in violation of Chapter 119.

(P-14) To remove all discarded building materials and rubbish from the development at least once each month during construction of the development Improvements, and within one month after completion or abandonment of construction.

(P-15) Prior to application for and issuance of certificates of occupancy, to disconnect 18 footing drains, which is based upon the uses currently existing on the property and those currently contemplated by the Site Plan in accordance with the City of Ann Arbor Developer Offset Mitigation Program, as revised by City Council on June 15, 2015 (the "Guidelines"), or to provide an alternative method of mitigation that results in an equivalent amount of sanitary flow removal, in accordance with the Guidelines, or to provide mitigation to offset the increased sanitary flow as required by any City Council-approved amendments to or replacement of the Guidelines. In the event the actual intensity of uses contemplated by the Site Plan are either

increased or decreased, City and DEVELOPER agree to adjust the number of footing drains to be disconnected, or the amount of alternative mitigation to be provided, in accordance with the Guidelines. DEVELOPER may be allowed to obtain partial certificates of occupancy for the development prior to the completion of all of the required footing drain disconnects on a prorated basis at the discretion of the CITY Public Services Area.

(P-16) DEVELOPER is the sole title holder in fee simple of the land described below except for any mortgage, easements and deed restrictions of record and that the person signing below on behalf of DEVELOPER has legal authority and capacity to enter into this Agreement for DEVELOPER.

(P-17) Failure to construct, repair and/or maintain the site pursuant to the approved site plan and/or failure to comply with any of this approved Agreement's terms and conditions shall constitute a material breach of the Agreement and the CITY shall have all remedies in law and/or in equity necessary to ensure that the DEVELOPER complies with the approved site plan and/or the terms and conditions of the approved Agreement. The DEVELOPER shall be responsible for all costs and expenses including reasonable attorney fees incurred by the CITY in enforcing the terms and conditions of the approved site plan and/or Agreement.

(P-18) In addition to any other remedy set forth in this Agreement or in law or equity, if DEVELOPER fails to make a timely or full payments to the CITY as set forth elsewhere in the Agreement to the CITY in the agreed upon manner, any unpaid amount(s) shall become a lien, as provided under Ann Arbor City Code and recorded with the Washtenaw County Register of Deeds, against the land described below and may be placed on the CITY tax roll as a single lot assessment, or if the development is converted to condominium ownership, every owner of a portion of the property shall pay a pro-rata share of the amount of the payments attributable to each condominium unit. If the unpaid amount(s), in whole or in part, has been recorded as a lien on the CITY'S tax roll and with the Washtenaw County Register of Deeds, upon payment of the amount in full along with any penalties and interest, the CITY, upon request, will execute an instrument in recordable form acknowledging full satisfaction of this condition.
